Vancouver, BC – (June 19, 2020) THC BioMed Intl Ltd. (“**THC BioMed**” or the “**Company**”) is pleased to announce that its ready-to-drink cannabis beverage shot, THC Kiss, was launched last week on the bccannabis store website and sold out within hours. THC’s fulfillment department is now preparing its second order to B.C.

“We are very happy with the launch of THC Kiss so far and excited to offer Canadians a true alternative to smoking cannabis,” commented John Miller, President and CEO of THC BioMed.

Each 30ml bottle of THC Kiss contains 10 mg of THC.

The Company is also pleased to announce that it has entered into a reseller agreement whereby National Cannabis Distribution (“**NCD**”) will buy and resell cannabis products from the Company as one of two exclusive resellers of the Company’s products in Saskatchewan.

The term of the Agreement is one year and will automatically renew unless terminated in accordance with the Agreement.

“National Cannabis Distribution has impressed us with its distribution network and business methods. We appreciate that it recognizes the quality and uniqueness of our products and has selected us as a supplier,” said Mr. Miller.
