THCBF - OTC

TFHD.F

Vancouver, BC – (September 3, 2020) THC BioMed Intl Ltd. (“**THC BioMed**” or the “**Company**”) is pleased to announce that it has shipped its “Ready to Drink” Cannabis Beverage Shot, THC KISS, to the Ontario Cannabis Store (“**OCS**”). OCS is the only legal online retailer of recreational cannabis in Ontario.

THC Kiss is also available for purchase in B.C. and Saskatchewan. THC BioMed is in discussion with other provinces to widen its distribution.

THC KISS is a breakthrough Cannabis Beverage Shot that promises to offer a different experience compared to edibles and beverages currently available in either the grey or legal cannabis markets.

THC Kiss aims to be an alternative to smoking cannabis and was developed by THC BioMed using proprietary extraction methods invented by THC BioMed.

“We are proud to bring Canadians a true alternative to smoking cannabis,” commented John Miller, president and CEO.

“We continue to receive very positive feedback from consumers. We have received many requests that indicate a high demand for our current products and those in development. THC BioMed continues to deliver a wide array of cannabis products to cater for all classes of cannabis consumers. In addition, all of our products are developed, manufactured and packaged by THC BioMed itself,” Said Mr. Miller.

Each 30ml bottle of THC Kiss contains 10 mg of THC.

About THC BioMed

THC BioMed is a *Cannabis Act* Licensed Producer of medical and recreational cannabis. It is licensed to cultivate and sell dried, extract, edible and topical cannabis. The Company is on the leading edge of scientific research and the development of cannabis products.
