

BIGG Digital Assets Inc. subsidiary Blockchain Intelligence Group Signs CAD~\$715,000 Contract with United States Federal Government Agency

February 4, 2019

NEWS RELEASE

CSE: BIGG

VANCOUVER, February 4, 2019 - **BIGG Digital Assets Inc. ("BIGG" or the "Company")**(CSE: **BIGG**; OTCQB: **BBKCF**; WKN: **A2PS9W**), owner of Blockchain Intelligence Group ("BIG"), a leading developer of Blockchain technology search, risk-scoring and data analytics solutions, is pleased to announce that it has signed a 5-year contract with a United States Federal Government agency valued at CAD ~\$715,000 to deliver QLUE licenses.

BIG will receive payment upfront for the full value of the contract, adding to our cash reserves. BIGG will not be naming the specific agency in this release out of respect for the agency's critical national security mission.

BIG's QLUE™ (Qualitative Law Enforcement Unified Edge) enables Law Enforcement, RegTech, Regulators and Government Agencies to literally "follow the virtual money". QLUE™ incorporates advanced techniques and unique search algorithms to detect suspicious activity within cryptocurrency transactions (Bitcoin, Ethereum, ERC20, Litecoin), enabling investigators to quickly and visually track, trace and monitor transactions in their fight against terrorist financing, human trafficking, drug trafficking, weapons trafficking, child pornography, corruption, bribery, money laundering and other cybercrimes.

Blockchain Intelligence Group's President, Lance Morginn, commented "*We are thrilled to have won this contract, enabling us to further cement our US government relationships and demonstrate the value of our products to the US Government. This sizable contract follows on the heels of two other customer contracts valued at \$389,000 and \$355,000, respectively, attained in Fall 2019 - demonstrating our ongoing gains in market traction. Entering 2020, we have a healthy pipeline of global opportunities and we look forward to updating our investors as we progress.*"

On behalf of the Board,

Lance Morginn
President / Director

About BIGG Digital Assets Inc.

BIGG Digital Assets Inc. (BIGG) believes the future of crypto is a safe, compliant, and regulated environment. BIGG invests in products and companies to support this vision. BIGG owns two operating companies: Blockchain Intelligence Group (blockchaingroup.io) and Netcoins (netcoins.ca).

Blockchain Intelligence Group (BIG) has developed a Blockchain-agnostic search and analytics engine, QLUE™, enabling Law Enforcement, RegTech, Regulators and Government Agencies to visually track, trace and monitor cryptocurrency transactions at a forensic level. Our commercial product, BitRank Verified®, offers a “risk score” for cryptocurrencies, enabling RegTech, banks, ATMs, exchanges, and retailers to meet traditional regulatory/compliance requirements.

Netcoins develops brokerage and exchange software to make the purchase and sale of cryptocurrency easily accessible to the mass consumer and investor with a focus on compliance and safety. Netcoins utilizes BitRank Verified® software at the heart of its platform and enables crypto transactions via retail locations globally, a self-serve crypto brokerage portal and an Over-The-Counter (OTC) trading desk.

Forward-Looking Statements:

Certain statements in this release are forward-looking statements, which include completion of the search technology software and other matters. Forward-looking statements consist of statements that are not purely historical, including any statements regarding beliefs, plans, expectations or intentions regarding the future. Such information can generally be identified by the use of forwarding-looking wording such as “may”, “expect”, “estimate”, “anticipate”, “intend”, “believe” and “continue” or the negative thereof or similar variations. Readers are cautioned not to place undue reliance on forward-looking statements, as there can be no assurance that the plans, intentions or expectations upon which they are based will occur. By their nature, forward-looking statements involve numerous assumptions, known and unknown risks and uncertainties, both general and specific that contribute to the possibility that the predictions, estimates, forecasts, projections and other forward-looking statements will not occur. These assumptions, risks and uncertainties include, among other things, the state of the economy in general and capital markets in particular, and other factors, many of which are beyond the control of BIGG. Forward-looking statements contained in this press release are expressly qualified by this cautionary statement. Undue reliance should not be placed on the forward-looking information because BIGG can give no assurance that they will prove to be correct. Important factors that could cause actual results to differ materially from BIGG's expectations include, consumer sentiment towards BIGG's products and Blockchain technology generally, technology failures, competition, and failure of counterparties to perform their contractual obligations.

The forward-looking statements contained in this press release are made as of the date of this press release. Except as required by law, BIGG disclaims any intention and assumes no obligation to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise. Additionally, BIGG undertakes no obligation to comment on the expectations of, or statements made by, third parties in respect of the matters discussed above.

The CSE does not accept responsibility for the adequacy or accuracy of the content of this Press Release.
