## **BIG BLOCKCHAIN INTELLIGENCE GROUP ESTABLISHES STRATEGIC OFFICE IN ZUG, SWITZERLAND, HOME TO CRYPTO VALLEY**

**Vancouver, Canada - BIG Blockchain Intelligence Group Inc. (CSE:BIGG) (OTC:BBKCF) (WKN:A2JSKG)** (“BIG” or the “Company”), a developer of Blockchain technology search and data analytics solutions, is pleased to announce it has established a strategic satellite office at Gotthardstrasse 26, 6300 Zug, Switzerland.

Zug is the heart of the growing Crypto Valley, where over 100 Blockchain companies benefit from the region's stable legal framework and supportive government policies. In January 2018, the Swiss government proactively created a Blockchain taskforce co-led by its Finance Minister and Economics & Education Minister, enhancing Switzerland's reputation of being future-forward and welcoming toward cryptocurrency organizations and Blockchain-related start-ups. The taskforce will examine legal guidelines related to initial coin offerings (ICOs) and Blockchain companies.

*“Crypto Valley's collective of Blockchain-related start-ups, entrepreneurs and specialized technical expertise is unprecedented, which also creates significant local opportunities for financing and investment”* said BIG CEO, Lance Morginn. *“That's why establishing our new satellite office in Zug was an integral part of BIG's strategy to continually expand our global presence as the industry standard when it comes to providing security and bringing trust to cryptocurrency's new era of money.”*

BIG's global headquarters is located in the technology-leading center of Vancouver, British Columbia, Canada.

On behalf of the Board,
