

BIGG Digital Assets Inc. subsidiary Blockchain Intelligence Group partners with Uncharted Software to offer diverse data evidence collection

May 6, 2021

NEWS RELEASE

CSE: BIGG

VANCOUVER, May 6, 2021 - **BIGG Digital Assets Inc. ("BIGG" or the "Company")**(CSE: **BIGG**; OTCQX: **BBKCF**; WKN: **A2PS9W**), owner of Blockchain Intelligence Group (blockchaingroup.io) ("BIG"), a leading developer of blockchain technology search, risk-scoring, and data analytics solutions, is pleased to announce a partnership with Uncharted Software Inc. (uncharted.software), an award-winning provider of innovative data visualization solutions.

This strategic partnership will allow investigators and analysts to exploit complex cryptocurrency related data and make it possible for anyone in law enforcement to incorporate and comprehend this data as part of criminal investigations or intelligence cases. By combining cryptocurrency data with other sources such as call detail records, Cellebrite UFED, GPS, Google, UBER, Lyft, Berla, social media, and other data types, investigators are able to see a clear picture of a suspect's activities.

Some of the capabilities law enforcement professionals will benefit from:

1. Cryptocurrency transactional data added to GeoTime® by Uncharted®, the only 3D mapping and analysis tool for investigators and analysts.
2. Visualize communication and location information with the most advanced analysis and reporting tools in law enforcement which can now incorporate BIG's proprietary blockchain data.
3. Investigators can track and trace illicit activities involving Bitcoin (BTC), Bitcoin Cash (BCH) and Bitcoin SV (BSV), Ethereum (ETH, ERC20 tokens), Litecoin (LTC), and Omni layer-Tether.

"Technologically savvy criminals use cryptocurrency to finance crimes and evade detection by the authorities. It's our mission to put advanced, simple-to-use, and reliable crypto analytics in the hands of law enforcement," said Lance Morginn, President, BIG. *"By partnering with Uncharted, a leader in investigative solutions for law enforcement, we are fulfilling our mission to equip law enforcement to fight crime in the era of crypto."*

To kick-off the new partnership, BIG and Uncharted hosted a webinar for active law enforcement analysts and investigators, highlighting how QLUÉ™ and GeoTime Enterprise can work together to help make sense of cryptocurrency data.

“In the last few years, we’ve seen cryptocurrency play a role in many investigations — it’s a growing problem for investigators who aren’t always equipped to work with this type of data,” said Curtis Garton, Managing Partner and Director of Product at Uncharted. *“Our partnership with BIGG will help investigators and analysts make sense of cryptocurrency data by giving them the tools to layer it with other data such as call records and social media providing them a more complete view of their investigation.”*

About BIGG Digital Assets Inc.

BIGG Digital Assets Inc. (BIGG) believes the future of crypto is a safe, compliant, and regulated environment. BIGG invests in products and companies to support this vision. BIGG owns two operating companies: Netcoins (netcoins.ca) and Blockchain Intelligence Group (blockchaingroup.io).

Netcoins develops brokerage and exchange software to make the purchase and sale of cryptocurrency easily accessible to the mass consumer and investor with a focus on compliance and safety. Netcoins utilizes BitRank Verified® software at the heart of its platform and facilitates crypto trading via a self-serve crypto brokerage portal at Netcoins.app.

Blockchain Intelligence Group (BIG) has developed a Blockchain-agnostic search and analytics engine, QLUE™, enabling Law Enforcement, RegTech, Regulators and Government Agencies to visually track, trace and monitor cryptocurrency transactions at a forensic level. Our commercial product, BitRank Verified®, offers a “risk score” for cryptocurrencies, enabling RegTech, banks, ATMs, exchanges, and retailers to meet traditional regulatory/compliance requirements.

Forward-Looking Statements:

Certain statements in this release are forward-looking statements, which include completion of the search technology software and other matters. Forward-looking statements consist of statements that are not purely historical, including any statements regarding beliefs, plans, expectations or intentions regarding the future. Such information can generally be identified by the use of forwarding-looking wording such as “may”, “expect”, “estimate”, “anticipate”, “intend”, “believe” and “continue” or the negative thereof or similar variations. Readers are cautioned not to place undue reliance on forward-looking statements, as there can be no assurance that the plans, intentions or expectations upon which they are based will occur. By their nature, forward-looking statements involve numerous assumptions, known and unknown risks and uncertainties, both general and specific that contribute to the possibility that the predictions, estimates, forecasts, projections and other forward-looking statements will not occur. These assumptions, risks and uncertainties include, among other things, the state of the economy in general and capital markets in particular, and other factors, many of which are beyond the control of BIGG. Forward-looking statements contained in this press release are expressly qualified by this cautionary statement. Undue reliance should not be placed on the forward-looking information because BIGG can give no assurance that they will prove to be correct. Important factors that could cause actual results to differ materially from BIGG’s expectations include, consumer sentiment towards BIGG’s products and Blockchain technology generally, technology failures, competition, and failure of counterparties to perform their contractual obligations.

The forward-looking statements contained in this press release are made as of the date of this press release. Except as required by law, BIGG disclaims any intention and assumes no obligation to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise. Additionally, BIGG undertakes no obligation to comment on the expectations of, or statements made by, third parties in respect of the matters discussed above.

The CSE does not accept responsibility for the adequacy or accuracy of the content of this Press Release.
