

BIGG Digital Assets Inc. Subsidiary Blockchain Intelligence Group Launches Bitcoin Cash on QLUE™ Forensics Platform

June 30, 2020

NEWS RELEASE

CSE: BIGG

VANCOUVER, June 30, 2020 - **BIGG Digital Assets Inc. ("BIGG" or the "Company")**(CSE: **BIGG**; OTCQB: **BBKCF**; WKN: **A2PS9W**), owner of Blockchain Intelligence Group (blockchaingroup.io) ("BIG"), a leading developer of blockchain technology search, risk-scoring and data analytics solutions, is pleased to announce that Bitcoin Cash (BCH) has been launched as part of QLUE Release v1.16 (<https://qlue.io/>). QLUE also supports BTC, ETH, ERC20 and LTC.

Bitcoin went through a hard fork in July 2017 which in turn created Bitcoin Cash. There was suddenly a mirror image of the legacy Bitcoin blockchain that investigators and financial institutions alike have interest in when gauging liabilities and risk. Blockchain Intelligence Group's QLUE™ product now addresses those risks by allowing financial institutions and law enforcement agencies to have visibility and tracing capabilities into Bitcoin Cash. Adding Bitcoin Cash is an addition to QLUE's already impressive cryptocurrency tracking and tracing abilities.

BIG's QLUE™ (Qualitative Law Enforcement Unified Edge) is used by Law Enforcement, Banks, Exchanges, ATM Operators to perform due diligence and blockchain security investigations at greater forensic depth by exploring where the related funds are coming from and going to, and the profiles of the entities involved. QLUE™ allows for the export of an investigation and in turn this can be saved on file for regulators, or to request a subpoena or be provided as evidence in court.

BIG's President, Lance Morginn, commented, "QLUE™ is being touted by the industry as having the most user friendly interface which makes it a lot easier to onboard new law enforcement or compliance officers. The addition of BCH makes QLUE™ even more valuable to our current and prospective customers for investigations thus expanding our revenue potential and market share of the crypto forensics market globally."

On behalf of the Board

About BIGG Digital Assets Inc.

BIGG Digital Assets Inc. (BIGG) believes the future of crypto is a safe, compliant, and regulated environment. BIGG invests in products and companies to support this vision. BIGG owns two operating companies: Blockchain Intelligence Group (blockchaingroup.io) and Netcoins (netcoins.ca).

Blockchain Intelligence Group (BIG) has developed a Blockchain-agnostic search and analytics engine, QLUE™, enabling Law Enforcement, RegTech, Regulators and Government Agencies to visually track, trace and monitor cryptocurrency transactions at a forensic level. Our commercial product, BitRank Verified®, offers a “risk score” for cryptocurrencies, enabling RegTech, banks, ATMs, exchanges, and retailers to meet traditional regulatory/compliance requirements.

Netcoins develops brokerage and exchange software to make the purchase and sale of cryptocurrency easily accessible to the mass consumer and investor with a focus on compliance and safety. Netcoins utilizes BitRank Verified® software at the heart of its platform and enables crypto transactions via retail locations globally, a self-serve crypto brokerage portal and an Over-The-Counter (OTC) trading desk.

Forward-Looking Statements:

Certain statements in this release are forward-looking statements, which include completion of the search technology software and other matters. Forward-looking statements consist of statements that are not purely historical, including any statements regarding beliefs, plans, expectations or intentions regarding the future. Such information can generally be identified by the use of forwarding-looking wording such as “may”, “expect”, “estimate”, “anticipate”, “intend”, “believe” and “continue” or the negative thereof or similar variations. Readers are cautioned not to place undue reliance on forward-looking statements, as there can be no assurance that the plans, intentions or expectations upon which they are based will occur. By their nature, forward-looking statements involve numerous assumptions, known and unknown risks and uncertainties, both general and specific that contribute to the possibility that the predictions, estimates, forecasts, projections and other forward-looking statements will not occur. These assumptions, risks and uncertainties include, among other things, the state of the economy in general and capital markets in particular, and other factors, many of which are beyond the control of BIGG. Forward-looking statements contained in this press release are expressly qualified by this cautionary statement. Undue reliance should not be placed on the forward-looking information because BIGG can give no assurance that they will prove to be correct. Important factors that could cause actual results to differ materially from BIGG’s expectations include, consumer sentiment towards BIGG’s products and Blockchain technology generally, technology failures, competition, and failure of counterparties to perform their contractual obligations.

The forward-looking statements contained in this press release are made as of the date of this press release. Except as required by law, BIGG disclaims any intention and assumes no obligation to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise. Additionally, BIGG undertakes no obligation to comment on the expectations of, or statements made by, third parties in respect of the matters discussed above.

The CSE does not accept responsibility for the adequacy or accuracy of the content of this Press Release.
