Chalice Gold Mines Makes Investment in Renforth and Options Denain-Pershing Property

Renforth Resources Inc. (CSE – RFR) (“Renforth” or the “Company”) is pleased to announce that an earn-in option has been granted to Chalice Gold Mines Limited (“Chalice”) of Western Australia on the Denain-Pershing Property. In addition, Chalice has agreed to participate in Renforth’s next financing transaction in the amount of \$250,000, on the same terms (to be determined) as other participants.

In order to earn an 80% interest in the Denain-Pershing Property, over a 3 year period, Chalice will make payments to Renforth totaling \$200,000 and spend \$1,250,000 in work on the property. Once Chalice has earned their interest an 80/20 joint venture will be formed between Chalice and Renforth.

“Renforth is pleased to welcome Chalice as a partner in the Denain-Pershing project, and eventually as a shareholder in Renforth. Chalice is a well-financed Australian and TSX listed company with multiple gold properties, including those near the Denain-Pershing property. The proposed equity position in Renforth as well as the JV is indicative of their interest in the area as well as the merit of Renforth’s resource properties on the Cadillac break and elsewhere, Renforth is a well positioned junior gold explorer. This year we will focus our exploration dollars on building gold ounces on two of our properties and I look forward to reporting the work to be done by Chalice through this JV partnership,” States Nicole Brewster, President and CEO of Renforth.

The option agreement is subject to the completion of ongoing due diligence, and any regulatory approvals required. The equity order is subject to agreement to terms, all parties acting reasonably, to close by May 31, 2018.
