

BIGG Digital Assets Inc. Subsidiary Blockchain Intelligence Group Launches Ripple (XRP) and Stellar (XLM) on the BitRank Verified® Risk Scoring Service

September 15, 2020

NEWS RELEASE

CSE: BIGG

VANCOUVER, September 15, 2020 - **BIGG Digital Assets Inc. ("BIGG" or the "Company")**(**CSE: BIGG; OTCQB: BBKCF; WKN: A2PS9W**), owner of Blockchain Intelligence Group (blockchaingroup.io) ("BIG"), a leading developer of blockchain technology search, risk-scoring and data analytics solutions, is pleased to announce that, based on customer demand, Ripple (XRP) and Stellar (XLM) have been launched as part of BitRank Verified® v1.22. BitRank Verified® also supports BTC, ETH, ERC20 tokens, LTC, BCH and BSV.

BitRankVerified® provides financial organizations with the ability to get a risk score on an address and/or transaction allowing for the quick risk assessment of whether funds have been involved in nefarious activity.

XRP is a digital asset built for payments. It is the native digital asset on the XRP Ledger—an open-source, permissionless and decentralized blockchain technology that can settle transactions in 3-5 seconds. XRP can be sent directly without needing a central intermediary, making it a convenient instrument in bridging two different currencies quickly and efficiently.

Stellar makes it possible to create, send, and trade digital representations of all forms of money: dollars, pesos, bitcoin, pretty much anything. It's designed so all the world's financial systems can work together on a single network.

BIG's President, Lance Morginn, commented, "Adding the Ripple and Stellar blockchains to BitRank Verified® further enhances the ability of any organization involved in crypto compliance and investigations to perform their duties. XRP is #4 by market capitalization, and XLM is #17 by market capitalization, according to coinmarketcap.com. These additions allow us to continue to position BIG's services as having visibility into the top cryptocurrencies in the marketplace."

On behalf of the Board

About BIGG Digital Assets Inc.

BIGG Digital Assets Inc. (BIGG) believes the future of crypto is a safe, compliant, and regulated environment. BIGG invests in products and companies to support this vision. BIGG owns two operating companies: Blockchain Intelligence Group (blockchaingroup.io) and Netcoins (netcoins.ca).

Blockchain Intelligence Group (BIG) has developed a Blockchain-agnostic search and analytics engine, QLUE™, enabling Law Enforcement, RegTech, Regulators and Government Agencies to visually track, trace and monitor cryptocurrency transactions at a forensic level. Our commercial product, BitRank Verified®, offers a “risk score” for cryptocurrencies, enabling RegTech, banks, ATMs, exchanges, and retailers to meet traditional regulatory/compliance requirements.

Netcoins develops brokerage and exchange software to make the purchase and sale of cryptocurrency easily accessible to the mass consumer and investor with a focus on compliance and safety. Netcoins utilizes BitRank Verified® software at the heart of its platform and enables crypto transactions via retail locations globally, a self-serve crypto brokerage portal and an Over-The-Counter (OTC) trading desk.

Forward-Looking Statements:

Certain statements in this release are forward-looking statements, which include completion of the search technology software and other matters. Forward-looking statements consist of statements that are not purely historical, including any statements regarding beliefs, plans, expectations or intentions regarding the future. Such information can generally be identified by the use of forwarding-looking wording such as “may”, “expect”, “estimate”, “anticipate”, “intend”, “believe” and “continue” or the negative thereof or similar variations. Readers are cautioned not to place undue reliance on forward-looking statements, as there can be no assurance that the plans, intentions or expectations upon which they are based will occur. By their nature, forward-looking statements involve numerous assumptions, known and unknown risks and uncertainties, both general and specific that contribute to the possibility that the predictions, estimates, forecasts, projections and other forward-looking statements will not occur. These assumptions, risks and uncertainties include, among other things, the state of the economy in general and capital markets in particular, and other factors, many of which are beyond the control of BIGG. Forward-looking statements contained in this press release are expressly qualified by this cautionary statement. Undue reliance should not be placed on the forward-looking information because BIGG can give no assurance that they will prove to be correct. Important factors that could cause actual results to differ materially from BIGG’s expectations include, consumer sentiment towards BIGG’s products and Blockchain technology generally, technology failures, competition, and failure of counterparties to perform their contractual obligations.

The forward-looking statements contained in this press release are made as of the date of this press release. Except as required by law, BIGG disclaims any intention and assumes no obligation to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise. Additionally, BIGG undertakes no obligation to comment on the expectations of, or statements made by, third parties in respect of the matters discussed above.

The CSE does not accept responsibility for the adequacy or accuracy of the content of this Press Release.
