#### NOTE 1- GENERAL:

#### A. Description of business:

Based on its proprietary biofarming technology, which is protected by 14 granted patents, the Company is focused on driving its growth in the superfruits nutraceutical and cannabis markets.

#### Super-fruits

The Company is engaged in research and development in the food industry. The Company's first nutraceutical superfruits product, VINIA®, is a red grape powder to be consumed as a food that supplies the benefits of red wine consumption but without the sugar and alcohol found in wine. The Company has conducted various clinical trials, to verify the efficacy of the VINIA® powder and has made all required notifications required by the FDA to support the use of its claims on packaging and in communication materials. VINIA® has gone through the necessary regulatory approval processes both in the US and in Israel and is approved for classification as a food item as well as a dietary supplement in these respective markets. The Company is actively engaged in sales of VINIA® in the Israeli and US markets.

#### **Cannabis**

The Company is engaged in research and development of its biofarming technology in the cannabis industry. The plant based technology produces cannabis cells in a process that is controlled, consistent, aseptic, non-GMO, pesticide-free and chemical-free.

#### B. Going concern:

Since inception through September 30, 2021, the Company has generated a cumulative loss of \$57,952. The Company generated negative cash flows from operating activities of \$4,501 and a loss in the amount of \$8,074 for the nine months ended September 30, 2021. As of the date of the issuance of these financial statements, the Company has not yet commenced generating significant sales, and therefore depends on fundraising from new and existing investors to finance its activities.

These factors raise material uncertainties that cast substantial doubt about the Company's ability to continue as a going concern.

The financial statements do not include any adjustments to reflect the possible future effects on the recoverability and classification of assets or the amounts and classification of liabilities that might be necessary should the Company be unable to continue as a going concern.

#### C. COVID-19:

The continued global spread of COVID-19 could have an adverse impact on the business, operations and financial results of the Company, including with respect to challenges in finalizing the construction and installation of all equipment and systems required to fully operate the 20 ton per year manufacturing facility at end of Q3, 2021. The Company has already implemented a number of precautionary measures, which would not have otherwise been implemented prior to the COVID-19 outbreak, at its facility to ensure the safety of its personnel, and to potential clients and partners, which may adversely impact the Company's productivity from an R&D perspective and its business in the supply chain sector. The Company is also fully compliant with local rules and regulations instituted during COVID 19 and understands that mandatory or voluntary self-quarantines may limit the staffing at the Company's facility which will have a further impact on productivity. Management continues to be fully engaged in assessing the impact of COVID-19 and adjusting its operations accordingly to minimize the impact on business performance.

#### **NOTE 1- GENERAL (Continued):**

Amidst this highly challenging operating environment, the Company asses that COVID-19, had no material effect on its business, operations or financial results.

#### NOTE 2 - BASIS OF PREPARATION:

#### a) Statement of compliance

The Company prepares its unaudited interim condensed consolidated financial statements in accordance with International Financial Reporting Standards ("IFRS") using the accounting policies described herein as issued by International Accounting Standards Board ("IASB") and International Financial Reporting Interpretations Committee ("IFRIC") interpretations. These interim unaudited condensed consolidated financial statements have been prepared in accordance with International Accounting Standards ("IAS") 34 Interim Financial Reporting. The unaudited interim condensed consolidated financial statements do not include all of the information required for annual consolidated financial statements and should be read in conjunction with the Company's audited consolidated financial statements for the year ended December 31, 2020 and with the notes thereto except for note 2(e).

The policies applied in these interim condensed consolidated financial statements are based on IFRS effective as of September 30, 2021.

#### b) Basis of presentation

The interim condensed consolidated financial statements are prepared on a going concern basis and have been presented in US dollars, which is the Company's reporting currency.

#### c) Basis of measurement

These interim condensed consolidated financial statements have been prepared on a going concern basis, under the historical cost basis, except for financial instruments that are required to be measured at fair value.

#### d) Basis of consolidation

These interim condensed consolidated financial statements include the accounts of BioHarvest Sciences and its wholly-owned subsidiaries. The financial statements of the subsidiaries are included in the consolidated financial statements from the date that control commenced until the date control ceases. Control exists when the Company has the power directly or indirectly, to govern the financial and operating policies of an entity so as to obtain benefits from its activities. The Company applies the acquisition method to account for business combinations in accordance with IFRS 3. All inter-company balances, and transactions, have been eliminated upon consolidation.

#### e) Accounting policy- share based compensation

The Company's employees / other service providers are entitled to remuneration in the form of cashsettled share-based payment transactions that are measured based on the increase in the Company's share price. The cost of cash-settled transactions is measured at fair value on the grant date using an acceptable option pricing model. The fair value is recognized as an expense over the vesting period and a corresponding liability is recognized. The liability is remeasured at each reporting date until settled at fair value with any changes in fair value recognized in profit or loss.

The interim condensed consolidated financial information should be read in conjunction with the annual financial statements as of December 31, 2020. The significant accounting policies applied in the annual financial statements of the Company as of December 31, 2020 are applied consistently in these interim consolidated financial statements.

As the warrants issued by the Company have an exercise price denominated in Canadian dollars, which differs from the Company's functional currency, they do not qualify for classification as equity. These warrants have been classified as warrant liability and are recorded initially at the fair value and revalued at each reporting date, using the Black-Scholes valuation method. Changes in fair value for each period are included in comprehensive profit and loss for the period.

- (ii) The Company uses the Black-Scholes option pricing model to estimate fair value of the warrant liability at the end of each reporting period.
- (iii) The following assumptions were used to estimate the fair value of the derivative warrant liability on:

|                              | 15,449,829                                    |                       |                                              | 2,687                 |

#### NOTE 3 - DERIVIATE LIABILITY- WARRANTS (Continued):

The Company considers expected volatility of the shares of comparable companies and its common shares in estimating its future stock price volatility. The risk-free interest rate for the expected life of the options was based on the yield available on Canadian government benchmark bonds with an approximate equivalent remaining term at the time of the grant. The expected life is based on the contractual term.

For the nine and three month period ended September 30, 2021, the Company recorded a loss in the statement of comprehensive loss as a result of the change in the fair value of the warrant liability of \$380 and \$219, respectively (for the nine and three month period ended September 30, 2020: profit of \$586 and loss of \$98, respectively).

#### NOTE 6 - FINANCIAL INSTRUMENTS - FAIR VALUE MEASUREMENT:

This note provides an update on the judgements and estimates made by the Company in determining the fair values of the financial instruments since the last annual financial report.

The following table summarizes the information about the level 3 fair value measurements:

| Item                            | Fair<br>value | Valuation<br>technique | Fair value<br>hierarchy<br>level | Significant<br>unobservable<br>inputs   |
|---------------------------------|---------------|------------------------|----------------------------------|-----------------------------------------|
| Derivative liability - Warrants | 233           | Black-Scholes<br>model | level 3                          | Volatility of firm's<br>assets returns* |

\* A change in the volatility measure by 5% results in a change of +/- \$55 of the fair value

Set out below is a comparison of the carrying amounts and fair values of the Company's financial instruments, other than those with carrying amounts that are reasonable approximations of fair values:

The Company recognized Liability to Agricultural Research Organization initially at fair value, and was subsequently carried at amortized cost using the effective interest rate method.

The fair value as of September 30, 2021 and December 31, 2020 is not materially different to the carrying amount, since the interest rate used in the initial recognition is close to current market rates.
