### **About Gabriella's Kitchen Inc.**

Spurred by their desire to find a way to improve Gabriella Micallef's prognosis after a dire cancer diagnosis, Italian sisters Gabriella and Margot Micallef were inspired to launch GK after succeeding in prolonging Gabriella's life through diet and lifestyle. GK was founded with the goal to create powerfully nutritious foods using unique ingredients in innovative ways – so that everyone could enjoy and share healthy and functional superfoods. Although Gabriella ultimately passed away from her illness, her passion for smart nutrition helped her live exponentially longer than doctors predicted. Gabriella was a rebel who believed in endless possibilities. Her memory and passion live on through GK's mission: to create delicious, better-for-you foods without compromise.

With its existing infrastructure of major retailers and an extensive broker network, the Company is uniquely positioned to service both mainstream grocery and licensed cannabis retailers throughout both legal and emerging markets across North America. Since the Company's inception, GK has secured over 400 editorial placements in digital and traditional media, including highlights with NBC, CBC, Huffington Post, Globe & Mail, and the Wall Street Journal. The Company's products are currently available in more than 3,000 stores across the U.S. and Canada, including major retailers, such as Whole Foods, Publix, Sobeys, Loblaws, and Safeway. The Company anticipates its new line of products infused with cannabis-derived cannabinoids (including CBD and THC) will be available in both licensed and, on a limited basis, non-licensed channels in certain markets where legislation allows in September 2018.
