### **About Gabriella's Kitchen**

GABY is a US-focused, cannabis wellness company holding a manufacturing license and will hold a distribution license issued by the California Bureau of Cannabis Control upon closing of its acquisition of Sonoma Pacific Distribution, announced October 23, 2018. With these licenses, its existing infrastructure of major retailers and an extensive broker and distribution network, GABY is positioned to service mainstream grocery with CBD infused products, as well as licensed cannabis retailers with CBD and THC-infused edible and wellness products.

Margot and her sister Gabriella co-founded GABY, a wellness company, after Gabriella received a dire cancer diagnosis which spurred the sisters to prolong Gabriella's life through a holistic approach to health. Today, GABY is a wellness company with its own manufacturing infrastructure and a diverse range of

products that use cannabis to address a variety of dietary and health concerns. Although Gabriella ultimately passed away from her illness, she lived exponentially longer than doctors predicted. Her memory and passion live on through GABY's mission: to empower people to live healthy lives without compromise.

*The Oil Plant, Inc. ("TOP") is a wholly owned subsidiary of GABY. TOP owns cannabis license in California. Cannabis is legal in the State of California however cannabis remains illegal under United States ("U.S.") federal laws. The U.S. Department of Justice issued guidance in 2013 indicating that it will focus on certain enforcement priorities, outside of which it will generally not enforce federal prohibitions on cannabis in U.S. states that have authorized this conduct so long as the U.S. state has implemented a strong and effective regulatory program. This federal guidance is subject to change, rescission or alteration by other federal government policy pronouncements at any time. TOP's business is conducted in a manner consistent with the State law of California and is in compliance with regulatory and licensing requirements applicable in the State of California. However, the readers should be aware that change in federal guidance on enforcement actions could adversely affect TOP's ability to access private and public capital required in order to support continuing operations and its ability to operate in the U.S.*
