Date: June 1, 2019

Report on Business

- 1. Provide a general overview and discussion of the development of the Issuer's business and operations over the previous month. Where the Issuer was inactive disclose this fact.**

On May 1, 2019, the Issuer's subsidiary, Urban Juve, announced new USA retail contracts with luxury spa, wellness, and specialty shops to sell its extensive, unisex range of Ayurveda-inspired, hemp root and essential oil natural skin care products. Luxury and wellness retailers will make Arizona, Florida, North Carolina and South Carolina the first States to introduce the Urban Juve brand to consumers.

On May 7, 2019, the Issuer announced that the new online flagship for its wholly owned subsidiary, Urban Juve, is officially live. The technology for the new website was custom-built by the Issuer's subsidiary Thrive Activations, and represents a new paradigm in agile, efficient and scalable ecommerce technology. The new Urban Juve website has the same capabilities of traditional ERP systems, including seamless procurement, payment processing integration and inventory management. This allows a company to establish a highly sophisticated ecommerce operation with considerable visibility into its own data - capabilities that used to only be available to well-established organizations.

On May 9, 2019, the Issuer announced its skincare and wellness subsidiary Urban Juve has successfully established deeper and wider channels to market than expected within months of launching earlier this year. To date, 109 retail locations are confirmed to define a new hemp-powered movement in skincare. At the same time, the Issuer has successfully launched its new B2B and B2C website at urbanjuve.com. Contracts with retailers now total 109 across the United States and Canada. The variety of businesses include specialty wellness chains, independent spas, beauty product retailers, physicians, and more.

On May 14, 2019, the Issuer engaged Cornerstone Strategic Branding (CSB) headquartered in New York and whose clients include major international brands - Perrier, Nestle, Seagram's, and Labatt - to complete a visual positioning study and subsequent creation of brand and packaging design for its new hemp and cannabis

beverage lines. CSB is a reputable force in the field of package design and visual branding with an impressive legacy 28 years in the making.

On May 16, 2019, the Issuer announced that its cannabis product line Wright & Well is planned to launch in Oregon this June. The brand will be offering nine wellness products that incorporate the highest quality CBD, THC, hemp root oil, and terpenes to support a healthy lifestyle. The philosophy of Wright & Well is to create products using the highest quality bio-active ingredients, so the brand uses a superior method of oil-extraction - one that preserves the vital essence and properties of the plant.

On May 21, 2019, the Issuer announced that Urban Juve products have shipped to China for sale through luxury PopSquare kiosk, which will rotate through six different high traffic destinations in Hong Kong. On May 28, 2019, the Issuer announced that its wholly owned subsidiary, Wright & Well, has developed a dedicated line of CBD products which are set to be manufactured in California this summer. The collection contains less than 0.3% THC, in compliance with the US Farm Bill for legal sale across the United States. The new Wright & Well CBD line includes CBD Full Spectrum Tinctures, Body Balm, Body Gel, and Body Oil. The Issuer approaches product development with uncompromising quality; the unique formulations are founded on Ayurvedic wellness principals, and include Cannabis Sativa Root Extract as a key ingredient, made using the Issuer's subsidiary Urban Juve's patent pending extraction technology.

On May 30, 2019, the Issuer announced that Urban Juve entered into a definitive agreement to license 56 product formulas for THC and CBD infusion to Antler Retail Holdings Inc. in California, for sale in the United States. Pursuant to the agreement, Antler Retail has agreed to pay \$1 million for a perpetual licence in the US to a catalogue of white label formulas consisting of 10 personal care products designed for THC infusion, 1 set of capsules formulated with ingredients to help prevent hangovers, 6 CBD skin care formulations, 8 formulations for a CBD men's line, 3 unisex CBD personal care products, 8 teas, and 20 edibles for CBD and THC infusion, including hard candies and gummies, for a total of 56 formulas. Antler Retail has agreed to issue 5,000,000 shares of common stock of its parent company "Antler", a private corporation, to Urban Juve as payment for \$1 million in licencing fees at a deemed value of \$0.20 per share. Urban Juve has a right of first refusal to act as distributor, to supply CBD and to act as the manufacturer on all CBD products developed by Antler Retail using the licensed formulas.

2. Provide a general overview and discussion of the activities of management.

Please see Item 1 above.

3. Describe and provide details of any new products or services developed or offered. For resource companies, provide details of new drilling, exploration or production programs and acquisitions of any new properties and attach any mineral or oil and gas or other reports required under Ontario securities law.
