Report on Business

1. Provide a general overview and discussion of the development of the Issuer's business and operations over the previous month. Where the Issuer was inactive disclose this fact.

On April 30, 2019, Lineage Grow Company Ltd. ("Lineage" or the "Company") announced it had received conditional approval from the Canadian Securities Exchange (the "CSE") for the proposed Reverse Takeover (the "RTO Transaction") of the Company by FLRish, Inc. ("FLRish") and the listing for trading of the subordinate voting shares of the resulting issuer to be renamed "Harborside Inc." (the "Resulting Issuer") on the CSE. Listing of the Resulting Issuer securities will be subject to satisfaction of all conditions of the CSE, including completion of any and all outstanding CSE application documentation and payment of fees pursuant to the Policies, completion of the Business Combination, filing an updated final listing statement, and no material adverse changes reflected in the final listing statement from the draft listing statement.

The Company also announced that it filed an amendment to its notice of meeting and management information circular dated April 9, 2019 for its special shareholder meeting scheduled to be held on May 16, 2019, which was called to approve matters relating to the RTO Transaction.

2. Provide a general overview and discussion of the activities of management.

Since obtaining the listing on the CSE in March 2018, management has secured agreements to acquire interests in cannabis cultivation and retail assets in the states of California and Oregon.

In March 2018, the Company entered into a LOI to acquire a 100% interest in Altai Partners ("Altai"), a limited liability company operating out of California. Altai is to acquire a minimum of 45% ownership interest in LUX, which is one of only 16 licensed dispensaries operating in San Jose. In April 2018, concurrent to its agreement acquiring a 45% ownership interest in LUX, Altai entered into an additional agreement to acquire the remaining

55% ownership interest in LUX. Upon completion of the Altai Acquisition, Lineage will hold a 100% ownership interest in LUX. LUX is a grassroots, community-based dispensary that offers support and alternative health resources to patients facing health challenges, and which provides a local, affordable, and safe environment to dispense medical marijuana.

In June 2018, the Company entered into the Agreement to acquire California-based Walnut Oaks, LLC d/b/a Agris Farms (“Agris Farms”). Agris Farms operates a fully-licensed and fully-operational 43,500 sq. ft. greenhouse cannabis cultivation facility in Yolo County, California. The Yolo Grow is in commercial production with annual production capacity of 6,000 lbs. of premium quality craft cannabis.

In August 2018, the Company entered into the Agreement with Harborside, where the RTO Transaction – when completed – will constitute a “fundamental change” under the policies of the CSE.

In September 2018, the Company closed the Terpene Station Acquisition of two dispensaries in Oregon that are currently serving the cannabis retail market in two of the largest markets in Portland and Eugene, operating under the Terpene Station brand. With the Terpene Station dispensaries under its belt, Lineage will deploy an integration and performance improvement plan to maximize value using best-in-class operating procedures and marketing strategies.

In November 2018, the Company executed the Agris Agreement to complete the Agris Farms Acquisition, pursuant to which Lineage would acquire a 100% ownership interest in Agris Farms facility. The Agris Farms Acquisition is directly aligned with the strategic framework that Lineage had outlined to shareholders, as it is one of California’s premium quality low-cost producers.

In February 2019, the Company entered into the Definitive Agreement with Harborside. Lineage as the resulting issuer on completion of the RTO will seek a listing of the Subordinate Voting Shares on the CSE. Completion of the RTO Transaction and the Merger remains subject to a number of conditions, including but not limited to the following:

- **Approval of Lineage shareholders of the RTO Transaction and related matters; and**
- **Completion of a minimum of C\$10 million in the Concurrent Financing.**

17. Discuss any trends which are likely to impact the Issuer including trends in the Issuer's market(s) or political/regulatory trends.
Lineage is targeting legalized cannabis markets across multiple jurisdictions in the US and Canada and is seeking to deploy best practices in cultivation and retail management to drive performance across the Company's asset base. The Company is looking to establish a presence in the US retail markets through acquisitions and strategic partnerships, and is also monitoring developments as a result of new cannabis regulations that came into effect in California on January 1, 2018.
On March 22, 2018, the House of Representatives and Senate voted in favour of approving the Consolidated Appropriations Act, 2018 ("Omnibus

Spending Bill” or the “Bill”), which extended the Rohrabacher-Leahy Amendment (“Rohrabacher-Leahy”) until the end of September 2018. With the Bill’s approval comes an extension of Rohrabacher-Leahy Amendment until September 2018, which prevents the US Department of Justice (the “DOJ”) from using federal funds in enforcing federal law relating to medical cannabis, which effectively allows states to implement their own laws that authorize the use, distribution, possession, or cultivation of medical marijuana. Lineage commends this development and welcomes the opportunity to roll out its corporate strategy in a more certain legal environment.

On April 13, 2018, the Washington Post reported that President Trump and Colorado Sen. Cory Gardner reached an understanding that the marijuana industry in Colorado will not be the subject of interference from the federal government and that the DOJ’s recession of the Cole memo will not impact Colorado’s legal marijuana industry. Lineage is pleased to see reports that President Trump has promised top Senate Republicans that he will support congressional efforts to protect states that have legalized marijuana.

On November 7, 2018, Attorney General Jeff Sessions resigned after the US Mid-Term Elections, both of which would potentially impact the US cannabis industry. From the Mid-Term Elections, US voters delivered a split verdict for Congress, as the Democrats secured a majority in the House of Representatives (the “House”) while the Republicans expanded their majority in the Senate. With the Democrats taking back control of the House, it may prove to be a catalyst for the sector to reinforce the notion that cannabis in the US has the tipping point on its way to eventual full legal status. While pro-cannabis legislation would still require passing the Senate and the Executive Branch, the path to legalization seems to have opened up with Mr. Sessions’s departure. With divided congressional power, there will be opportunity for bi-partisanship on a number of issues including the Strengthening the Tenth Amendment Through Entrusting States Act, S. 3032 (“STATES Act”), which would protect individuals working in cannabis sectors from federal prosecution. The STATES Act was introduced in June 2018 through bi-partisan efforts initiated by Senator Gardner together with Massachusetts Senator Elizabeth Warren. Senator Warren won re-election which ensures she will push the change to federal law regarding cannabis. In addition, constituents of Michigan voted to legalize recreational marijuana, making Michigan the first state in the Midwest to do so and the 10th in the US overall demonstrating growing sentiment amongst Americans towards legalization. Voters in Missouri and Utah approved ballot measures legalizing cannabis for medical use, making their states the 31st and 32nd to do so.

However, although Jeff Sessions has been replaced by President Trump with William Barr, there is still very little clarity as to how President Trump, or Attorney General Barr, will enforce federal law or how they will deal with

states that have legalized medical or recreational marijuana. There is no guarantee that the current presidential administration will not change its stated policy regarding the low-priority enforcement of US federal laws that conflict with State laws. Additionally, any new US federal government administration that follows could change this policy and decide to enforce the US federal law vigorously.

Lineage's business involves certain risks and uncertainties that are inherent to the Company's industry. Please refer to the "Risk Factors" section of the Management's Discussion and Analysis filed quarterly on SEDAR.
