See below.						

The Issuer and the holders of the Warrants have agreed to amend the terms of the Warrants to include an acceleration provision whereby the Issuer, at any time after the date of issue, can accelerate the expiry date of the Warrants in the event the daily trading price of the Shares equals or exceeds \$0.40 on the Canadian Securities Exchange (or such other exchange on which the Shares may be traded) for 10 consecutive trading days by giving notice via news release to the holders thereof and, in such case, the Warrants will expire on the 30th day after the date on which the news release was disseminated.

listed Issuers must obtain appropriate corporate approvals prior to any change, modification or amendment of outstanding warrants or other convertible securities (including non-listed securities). The amendment of the terms of a warrant (or other security) may be considered to be the distribution of a new security under securities laws and require exemptions from legislative requirements. Furthermore, the amendment of the terms of a security held by an insider or a related party may be considered to be a related party transaction under Multilateral Instrument 61-101 and require exemptions from provisions of that rule. Issuers should consult legal counsel before amending the terms of a security.
