MONTHLY PROGRESS REPORT

Name of CNSX Issuer: MURCHISON MINERALS LTD. (the "Issuer").

Trading Symbol: MUR

Number of Outstanding Listed Securities: 25,290,095

Date: December 6, 2017

This Monthly Progress Report must be posted before the opening of trading on the fifth trading day of each month. This report is not intended to replace the Issuer's obligation to separately report material information forthwith upon the information becoming known to management or to post the forms required by the CNSX Policies. If material information became known and was reported during the preceding month to which this report relates, this report should refer to the material information, the news release date and the posting date on the CNSX.ca website.

This report is intended to keep investors and the market informed of the Issuer's ongoing business and management activities that occurred during the preceding month. Do not discuss goals or future plans unless they have crystallized to the point that they are "material information" as defined in the CNSX Policies. The discussion in this report must be factual, balanced and non-promotional.

General Instructions

- (a) Prepare this Monthly Progress Report using the format set out below. The sequence of questions must not be altered nor should questions be omitted or left unanswered. The answers to the items must be in narrative form. State when the answer to any item is negative or not applicable to the Issuer. The title to each item must precede the answer.
- (b) The term "Issuer" includes the Issuer and any of its subsidiaries.
- (c) Terms used and not defined in this form are defined or interpreted in Policy 1 – Interpretation and General Provisions.

Report on Business

1. Provide a general overview and discussion of the development of the Issuer's business and operations over the previous month. Where the Issuer was inactive disclose this fact.

Murchison Minerals Ltd. is a Canadian-based exploration company with a diversified portfolio of properties, including the Brabant-McKenzie zinc-copper deposit (the "Deposit") in north-central Saskatchewan and the HPM nickel-copper-cobalt project in Québec. The Company holds gold claims in the Pickle lake area of northwestern Ontario which are currently under option. The Company expects to acquire additional properties as attractive opportunities are identified. The Company does not have any projects that generate revenue at this time. The Company's ability to carry out its business plan in the future rests entirely on its ability to secure equity and other financings or realize cash from the sale of assets.

2. Provide a general overview and discussion of the activities of management.
The Issuer announced a proposed private placement of \$3 million via the issuance of \$1.8M flow-through shares priced at \$0.24 per FT Share and \$1.2M in Units priced at \$0.20 comprised of 1 common share and ½ purchase warrant exercisable at \$0.24 for 2 years from closing. The Issuer SEDAR filed its Technical Report on the updated mineral resource estimate at the Brabant-McKenzie zinc-copper deposit in Saskatchewan and also announced geophysical results confirming Anomaly D as a priority drill target.
3. Describe and provide details of any new products or services developed or offered. For resource companies, provide details of new drilling, exploration or production programs and acquisitions of any new properties and attach any mineral or oil and gas or other reports required under Ontario securities law.

On November 20, 2017, the Issuer SEDAR filed the NI 43-101 Technical Report related to the updated Mineral Resource estimate (the "Mineral Resource Estimate" or the "Estimate") for the Brabant-McKenzie Deposit (the "Deposit") located in north-central Saskatchewan.

The Estimate includes the addition of 10 new diamond drill holes totaling 5,600 m which were completed between February and March 2017 and a comprehensive re-interpretation of the geology of the Deposit.

Highlights Include:

- **Total Indicated Mineral Resources of 1.5 million tonnes at 7.46% Zn, 0.70% Cu, 0.39% Pb, 31.16 g/t Ag, 10.09% Zn Eq**
- **Total Inferred Mineral Resources of 4.5 million tonnes at 5.99% Zn, 0.62% Cu, 0.39% Pb, 19.39 g/t Ag, 7.99% Zn Eq**
- **The bulk of tonnage added was the result of the 2017 diamond drill program**

- The Deposit remains open to depth and laterally
- Significant infill opportunities on the Deposit are now defined from approximately 610 m down dip to 950 m

Exploration target range is now 9 to 11 million tonnes grading 7.5-9.5 % Zn equivalent based on the current geological model.

On November 21, 2017 the Issuer confirmed via a press release that the combination of Anomaly D conductor dimensions, conductivity and proximity to the outcrop exposures hosting anomalous copper values continued to demonstrate the potential for the existence of a massive sulphide body of significant size. The Anomaly D is located approximately 1 km south of the Deposit.

Project Update Highlights include:

1. **Modeling and interpretation results of additional information for Anomaly D acquired from the November 2017 detailed ground electromagnetic (“EM”) and magnetic (“Mag”) surveys:**
 - Have further refined EM Anomaly D as a strong conductive body with minimum dimensions of 800 m strike and 800 m depth extent, starting at approximately 20m below surface
 - Display a strong coincidence between high magnetic susceptibility anomalies and Anomaly D conductivities
 - Show similar conductivities and dimensions to the Deposit which is currently defined over 1,000 m strike length and 610 m depth extent
2. **Recent geological prospecting programs have identified chalcopyrite and pyrrhotite sulphide mineralization in outcrop exposures proximal to Anomaly D.**
3. **Grab samples of outcrop collected directly over the Exposures returned anomalous copper values.**
4. Describe and provide details of any products or services that were discontinued. For resource companies, provide details of any drilling, exploration or production programs that have been amended or abandoned.

Not Applicable for November 2017

5. Describe any new business relationships entered into between the Issuer, the Issuer’s affiliates or third parties including contracts to supply products or services, joint venture agreements and licensing agreements etc. State whether

the relationship is with a Related Person of the Issuer and provide details of the relationship.

10. Report on any employee hirings, terminations or lay-offs with details of anticipated length of lay-offs.

Not Applicable for November 2017.

11. Report on any labour disputes and resolutions of those disputes if applicable.
In September 2014, three former Burundian employees of the Issuer's subsidiary claimed severance payments totaling approximately US\$10,500 and damages of approximately US\$188,000. In January 2016, the Issuer was advised that a judgement had been rendered in favour of the former employees by the Court of Appeal of Bujumbura in the aggregate amount of approximately C\$117,202 plus 6% interest. The Issuer no longer operates or own assets in Burundi. The payment under this lawsuit is limited to the capital originally invested in the subsidiary of US\$10,000.

12. Describe and provide details of legal proceedings to which the Issuer became a party, including the name of the court or agency, the date instituted, the principal parties to the proceedings, the nature of the claim, the amount claimed, if any, if the proceedings are being contested, and the present status of the proceedings.

In May 2017, a former director of the Issuer filed a claim under the Toronto Small Claims Court in an amount of \$23,720. In June 2017, the Issuer filed a defense statement as it believes the claim is without merit. The Issuer also filed a Defendant's Claim against the former director in the amount of \$25,000 for breach of fiduciary duty, negligence and negligent misrepresentation. A court date has been set for February 1, 2018.

13. Provide details of any indebtedness incurred or repaid by the Issuer together with the terms of such indebtedness.

Not Applicable for November 2017.

14. Provide details of any securities issued and options or warrants granted.

Not Applicable for November 2017.

15. Provide details of any loans to or by Related Persons.

Not Applicable for November 2017.

16. Provide details of any changes in directors, officers or committee members.

Not Applicable for November 2017.

17. Discuss any trends which are likely to impact the Issuer including trends in the Issuer's market(s) or political/regulatory trends.

The financing, exploration and development of any properties the Issuer holds or may acquire in the future will be subject to a number of factors including the price of gold or other minerals, applicable laws and regulations, political conditions, currency fluctuations, the hiring of qualified people and obtaining necessary services in jurisdictions where the Issuer operates. The current trends relating to these factors could change at any time and negatively affect the Issuer's operations and business. Apart from these and the risk factors noted under the heading "Risk Factors" in the annual 2016 MD&A of the Issuer available on SEDAR, management is not aware of any other trends, commitments, events or uncertainties that would have a material effect on the Issuer's business, financial condition or results of operations.
