

CROP & NATURALLY SPLENDID ENTER INTO MANUFACTURING AND SUPPLY AGREEMENT FOR HEMP PRODUCTS

AUGUST 14th, 2018 - VANCOUVER, BRITISH COLUMBIA - CROP Infrastructure Corp. (CSE: CROP) (OTCMKTS: CRXPF) (“CROP” or the “Company”) announces that it has signed a Letter of Intent (“LOI”) with **Naturally Splendid Enterprises Ltd. (“Naturally Splendid,” “NSE” or “the Company”)(FRANKFURT:50N)(TSX-V:NSP)(OTC:NSPDF)** for the development and manufacturing of The Hempire Co. “Hempire” and Tiffany “TiffCBD”, branded Hemp Seed, Hemp Protein Powder and Hemp Oil product lines to be owned by CROP. Naturally Splendid and CROP are currently testing a variety of existing as well as unique flavors and formulations created by NSP specifically for the Hempire and TiffCBD Brands, some of which will have products enhanced with NSP’s HempOmega™.

Visit The Hempire and TiffCBD websites at: (www.thcco.com) and (www.tiffcbd.com)

Under the terms of the agreement, Naturally Splendid will create a variety of retail products, initially based on hemp seed, protein and oil and will be expanded to include CBD (cannabidiol) fortified products as regulations evolve to allow for cannabis extract, formulated products. These products will be marketed and distributed through CROP’s growing distribution network.

HempOmega™ is a soluble powder created from microencapsulated hemp seed oil delivering essential omega 3 and 6 fortification to a wide variety of products and beverages. It is a high-quality and sustainable omega fatty acid alternative ingredient to fish oil. Due to its unique powder format, it solves the formulation challenge manufacturers face when trying to add oil to existing products and has proven to increase the bioavailability of omega fatty acids.

Michael Yorke, CEO of CROP Infrastructure states: “We are excited to be working with Naturally Splendid who was an early mover in the Canadian Hemp market. We believe in the nutritional spectrum and health benefits of hemp and adding a consumer goods vertical was a logical progression as consumer data shows strong trends in plant-based foods and nutritional products. We are very pleased to bring our Hempire brand to Canada which will now be under license in 3 US States and collectively 4 countries worldwide.”

Craig Goodwin, President and director of Naturally Splendid states: “We are pleased to be working with CROP to create quality white-labelled hemp products for the Hempire brand. Naturally Splendid and CROP are developing several new hemp-based formulations that will be enhanced with our patented HempOmega™ ingredient.”
