

**AREV NUTRITION SCIENCES INC.**  
**PRESS RELEASE**

**AREV NUTRITION SCIENCES INC. ANNOUNCES ASSET PURCHASE AGREEMENT COMPLETED TO ACQUIRE BC BUD DEPOT ASSETS**

**Vancouver, British Columbia, September 7, 2018** – AREV Nutrition Sciences Inc. ("AREV" or the "Company") (CSE - AREV), is pleased to announce it has completed the previously announced asset purchase and sale agreement (the "Acquisition Agreement") dated July 3, 2018 with Matthew Harvey carrying on business under the branding "BC Bud Depot" ("BCBD"), and received CSE approval, to acquire 100% of the assets under the BCBD brand in consideration for issuance of 9,500,000 common shares of the Company at a deemed price of \$0.50 per share and \$500,000, of which \$50,000 is payable in cash and \$450,000 is payable by way of a convertible debenture (the "Convertible Debenture") issued by the Company accruing interest at 8% per annum, for an aggregate value of \$5,250,000. The outstanding principal amount and outstanding accruing interest of the Convertible Debenture shall be convertible into common shares of the Company at the price of \$0.50 per common share.

The BCBD assets comprises breeding methodologies for new cannabis strains available for license to licensed producers for replication and further processing activities and capabilities and technologies for the development of further breeding methodologies. The BCBD assets have a large collection of breeding methodologies developed over many years in the creation of a variety of marijuana strains. BCBD specializes in launching new strains, generating initial interest and demand, and market testing based on public perception over time.

BCBD holds one of the world's largest seed banks and has won over 40 awards over the past 14 years since becoming the first Canadian company in history to win as Top Strain at international competition, in 2004 with BC God Bud.

BC Bud Depot has won many awards in recent years and is recognized as an industry leader in the pursuit of the perfection of the cannabis gene pool. BC Bud Depot constantly strives in refining selection and breeding processes to produce the best marijuana seeds that bring you the very strongest smoke and most powerful flavor. Here is what our award cabinet holds so far:

BCBD has held the inside cover of High Times Magazine for the past ten years and remains among the most recognized names in cannabis genetics and breeding.

If all of Matthew Harvey's convertible securities were converted into common shares of the Company, Matthew Harvey would control 9,900,000 common shares (21.4%) of a total of 46,234,200 fully diluted common shares of the Company.

AREV is pleased to announce that BC Bud Depot has won first place for best marijuana strain with BC Sweet God, at the Kootenay Cannabis Cup on August 25<sup>th</sup> in Cranbrook, BC. The championship win marks the 35<sup>th</sup> major award for BC Bud Depot since their inaugural first place finish in world competition in the Netherlands in 2004, with BC God Bud, now Canada's most award-winning strain of all time. Other notable wins include a first place Bio Cannabis Cup in Spain for the Gods Gift strain in 2015, a first place Concentrate Cup for the BC Blueberry strain in California in 2014, and another first place for the Girl Scout Cookies strain at the Medical Cannabis Cup in Los Angeles. BC Bud Depot was inducted into the Seed Bank Hall of Fame by High Times Magazine in 2009. The Kootenay Cannabis Cup marked the third major award for the BC Sweet God strain.

"Events like the Kootenay Cannabis Cup bring recognition to the hard work of the many botanical innovators whose marijuana strains drive the industry," stated Matthew Harvey, BC Bud Depot (BCBD) founder. "The quality of craft cannabis at the Kootenay event was so competitive that this award could have gone to any number of entrants."

As reported on July 12<sup>th</sup>, 2018, AREV Nutrition Sciences Inc. recently purchased 100% of all assets under the BCBD brand, including existing and future strains. BCBD intends to licence genetics within the Canadian industry, and will directly supply genetic material to licensed producers owned by AREV. As reported August 22<sup>nd</sup>, AREV will acquire Seventails Cultivation, a Health Canada applicant at the ready-to-inspect stage for a 20,000 square-foot processing and cultivation facility. Laboratory-assisted breeding operations are to be conducted on an acreage owned by AREV in Sorrento, BC.

AREV chairman Mike Withrow stated "It is tremendously rewarding to witness the evolution of BC Bud Depot as a company, maintaining a position atop the industry as Canada's preeminent breeding house, and one of the top few in the world. And in addition to the genetics they breed, the finished quality of the winning marijuana is a testament to the world-class talent of BCBD cultivators. This is the pool of talent available to us for the production of high-end cannabis."

Withrow added, “We anticipate greater price spreads for premium, elite cannabis in years to come, as regulated markets build trust in the supply chain. For us, product quality begins at the genomic level, with the award-winning genetics from BC Bud Depot.”

Kootenay organizer Tamara Cartwright reports that the Kootenay Cannabis Cup was a complete success, featuring performers, competition and a product expo. She intends to host competitors at the second annual edition of the event in Cranbrook again next year.
