

**EVIANA ANNOUNCES DEAL TO SELL 155 METRIC TONNES OF INDUSTRIAL HEMP
TO INTERNATIONAL CANNABIS CORP.**

VANCOUVER, British Columbia, February 25, 2019. Eviana Health Corporation (“Eviana”, the “Company”) (CSE: EHC) (OTC: EVNNF) is pleased to announce a term sheet has been signed for a proposed transaction (the “hemp transaction”) whereby a wholly-owned Eviana subsidiary is to sell 155 metric tonnes (prior to sorting or initial processing) of industrial hemp located in Mladenovo, Serbia (the “hemp assets”) currently in inventory, to ICC International Cannabis Corp. (“ICC”) (CSE: WRLD.U) (FWB: 8K51) (OTC: KNHBF).

As consideration for the purchase of the hemp assets, ICC will issue 26,081,287 of its shares at a deemed price of US\$0.35 per share, one-third of which will be subject to a four month and a day hold period, one-third to an eight month hold period, and the final third to a 12 month hold period,

The hemp transaction is conditional on the parties entering into an advisory services agreement whereby ICC will provide certain distribution and branding services to Eviana, an extraction tolling agreement whereby Eviana will convert the hemp assets into CBD concentrate, and the hemp transaction closing on or before March 31, 2019.

About Eviana

Eviana controls a Serbian industrial hemp license, which permits the cultivation, processing and sale of industrial hemp. Serbia has become an ideal destination to cultivate industrial hemp due to its fertile land parcels, access to established irrigation systems, low cost production, as well as an experienced agricultural workforce. Eviana has amassed total processed industrial hemp inventories of approximately 310 metric tonnes in 2018.

Eviana is mandated with delivering customized consumer health care products using natural hemp strains of cannabis sativa for CBD-based topical creams and products and cosmeceutical and nutraceutical merchandise.

About ICC

ICC International, through its subsidiaries, has operating assets and is developing a world-class platform for cultivation, extraction, formulation and distribution across the globe in the United Kingdom, Denmark, Poland, Switzerland, Germany, Macedonia, Bulgaria, Serbia, Croatia, Greece, Italy, Portugal, Malta, Colombia, Argentina, Australia, South Africa and Lesotho.
