

EVITRADE SUBSIDIARY CLOSES JOINT VENTURE WITH HEMP INDUSTRY TARGET IN NEVADA

VANCOUVER, BC, Thursday March 7, 2019 – EVITRADE Health Systems Corp. (CSE: EVA, OTCQB: EVAHF) (the “Company”) is pleased to announce that the Company’s subsidiary, Western Agri Supply Solutions Corp. (“WASS:”) has entered into a joint venture with Belt Energy and Biomass, a Nevada hemp focused operator.

Belt Energy and Biomass (“BEB”) is focused on the accumulation of relationships with farm bill compliant hemp producers and processors in the United States. Recently, BEB had applied to the State for a Hemp Handlers License to receive and extract hemp for resale. The Hemp Handlers Certificate enables BEB the authority to buy and process industrial hemp in the state of Nevada.

The acquisition of the Hemp Handlers License in Nevada would be the start of the commercial hemp processing strategy for Nevada. With BEB as partners, the Company will have source and processing elements of its CBD strategy completed. This is an opportunity to supply Farm Bill compliant hemp based products for the burgeoning market in the state of Nevada.

EviTrade continues to fulfill its commitment to elevate the human condition through advanced medical solutions and effective health and wellness research and products.
