Report on Business

1. Provide a general overview and discussion of the development of the Issuer's business and operations over the previous month. Where the Issuer was inactive disclose this fact.

During the month of March 2019, the Issuer continued to focus on developing the enterprise application platform for the collection and storage of data sets. The application improves the scalability and functionality of each acquired application with the integration of advanced analytics and machine learning. The Issuer's goal is to deliver a comprehensive data management solution for datasets of any size, type and complexity, and to continue to build a universal platform for other data-centric applications for industry and government. Various pilot projects with customers are underway to field test the platform in several environments.

The Issuer also continued its organizational integration process with FlowWorks Inc. (FlowWorks+) which it acquired during fiscal 2016. FlowWorks+ technology helps its clients analyze and understand a combination of sensor and environmental data to manage water and waste water systems. The Issuer continues to adapt this powerful tool to take advantage of the opportunities in other data intensive verticals such as oil, power and gas, electrical utilities and mining that are helping to drive the Industrial IoT revolution. As part of this integration, the Issuer has taken steps to finance the expansion and development of FlowWorks+ business.

During the month of June 2018, the Issuer completed the acquisition of Astra Smart Systems Inc, a technology company that manufactures environmental monitoring devices, produces Big Data+ software applications and runs a data centre which can host over 1,000 servers. As part of the acquisition, the Issuer obtained all of Astra's intellectual property, firmware, software, code libraries, contracts, licences, agreements, documentation and leads database along with datacentre infrastructure assets and production line equipment. Management is currently investigating new opportunities for Astra and the Issuer signed a data hosting LOI while final details are determined.
