

CROPs 57,600 SQUARE FOOT NEVADA NURSERY READY FOR PLANTS FOR CBD FARMS

April 23rd, 2019 - VANCOUVER, BRITISH COLUMBIA - CROP INFRASTRUCTURE CORP. (CSE: CROP) (OTC: CRXPF) (Frankfurt: 2FR) announced today that it has completed the construction of its 57,600 square foot nursery in Nye County, Nevada.

It has been equipped with trays and LED lighting specially designed to enhance the growth of plant starts for the 2019 CBD farms licenced on the company's various properties in the state. This was a key project in order to maximize yield, reduce farming risk and costs for the 2019 planting season.

CROP continues to gauge interest and review potential off take relationships for the 2019 season for its CBD products.

The global medical cannabis market value is expected to reach a value of US\$ 45.4 Billion by 2024, with a CAGR of 22.9% during 2019-2024, according to IMARC research. The firm's estimate for last year was that it would to reach US\$ 13.4 Billion.

CROP CEO, Michael Yorke, stated: "The CROP family of companies and subsidiaries continues to build strategic infrastructure in key states where we are present. These are one time builds that will streamline harvests, reduce risks and costs as well as maximize yields for many years to come.

"We are very proud of our team members for putting in the extra hours to ensure the season ahead is as successful and profitable as can be. We are encouraged by the number of interested parties in the products we are producing and will look to secure long term reliable relationships to the benefit of stakeholders and the company's farming, marketing and construction divisions."
