

THERAMED PROVIDES UPDATE ON NEW SALES CHANNEL FOR NEVADA FACILITY

VANCOUVER, BC, Wednesday, May 22, 2019 – THERAMED HEALTH CORP. (CSE: TMED, OTCQB: EVAHF) (the “**Company**”) is pleased to announce interest from a large “C-Store” fulfillment agent that can provide product placement for the Company’s Hemp based CBD product lines in an estimated 24,000 locations.

Having just announced its sales and product launch in Nevada, Theramed is pleased that its operator in Nevada has opened up a significant new sales channel that will likely support an aggressive growth strategy into the United States CBD markets.

The US based “C-Store” fulfillment company is looking to place the Company’s product lines within a possible 24,000 locations throughout the US. This represents only a fraction of the potential number of gas stations and convenience stores (“C-Stores”) in the United States. “This is a tremendous start to the launch of our product lines. By getting into large scale distribution of the product it shows that our corporate vision and execution is on track, and we look forward to further delivering to our value shareholders” commented C.K. Cheung, CEO of Theramed.

The Company continues to develop products, technologies, and diagnostic tools focused on hemp derived CBD. The products will serve with the overall goal of improving health and elevating the human condition.

About THERAMED HEALTH

(CSE: TMED, OTCQB: EVAHF)

Theramed Health Corporation – is a technology company focused in the healthcare and life sciences sector to develop a personalized healthcare system. The company has recently been focused on utilizing CBD derived from Hemp as a core component. The company through its subsidiaries has assets and technologies involved in extracting and purifying CBD extracts, creating formulations through its key scientists, and with its medical device technology monitoring capabilities. Theramed’s unique combination of technologies may allow it to be the first to be able to offer a complete quality assured vertically integrated “CBD Health System” for monitoring, dosing, and recording the effects of CBD on your cardiovascular system.
