**GLOBAL HEALTH CLINICS UPDATES IMPLEMENTATION OF NEW SOFTWARE SYSTEMS WHILE REDUCING COSTS AND MAINTAINING GROWTH**

**July 26, 2019 - Global Health Clinics Ltd.** (the “Company”) (CSE: MJRX) (Frankfurt: L002) has begun its implementation of AdvancedCare. AdvancedCare is a software system which will enable Global Health Clinics to make patient booking and tracking a more efficient and streamlined approach. By implementing AdvancedCare, the company will be able to reduce staffing costs as the need for booking agents and support staff will be reduced significantly. The patient aftercare and doctor interaction will continue to be of utmost importance in order to maintain the reputation and standard of support given to current and onboarding patients.

Global Health Clinics Ltd.'s patient list has grown consistently month by month since 2017 resulting in an increase in support grants/sponsorships from licensed producers. The company will continue to have steady growth while lowering its monthly costs in doing so. Maintaining the practise of prioritizing physician and patient interactions maintaining the standard of support given to the companies medical professionals and patients.

“I’m excited that our company has taken a new approach to patient care that is not only more efficient but cost effective. We are of the thought process as the cannabis sector matures margins will become smaller and smaller, so we have taken the company-wide approach of becoming more cost efficient while trying to maintain our standards of growth.”

Global Health Clinics is also pleased to announce it will be attending conferences focused on physicians and cannabis. “By attending these conferences, we look to build relationships with physicians interested in cannabis and to become the bridge between these physicians and patients in need of cannabis.”

***Forward-Looking Information** This news release includes certain statements that may be deemed "forward-looking statements". All statements in this release, other than statements of historical facts, that address events or developments that Leo Resources Inc. (the "Company") expects to occur, are forward-looking statements. Forward-looking statements are statements that are not historical facts and are generally, but not always, identified by the words "expects", "plans", "anticipates", "believes", "intends", "estimates", "projects", "potential" and similar expressions, or that events or conditions "will", "would", "may", "could" or*

*"should" occur. Although the Company believes the expectations expressed in such forward-looking statements are based on reasonable assumptions, such statements are not guarantees of future performance and actual results may differ materially from those in the forward-looking statements. Factors that could cause the actual results to differ materially from those in forward-looking statements include market prices, exploitation and exploration successes, and continued availability of capital and financing, and general economic, market or business conditions. Investors are cautioned that any such statements are not guarantees of future performance and actual results or developments may differ materially from those projected in the forward-looking statements. Forward-looking statements are based on the beliefs, estimates and opinions of the Company's management on the date the statements are made. Except as required by applicable securities laws, the Company undertakes no obligation to update these forward-looking statements in the event that management's beliefs, estimates or opinions, or other factors, should change.*
