

## **Maxtech Bolsters Operations Team with James Rogers Senior VP Exploration Red Lake Gold Mining District Trailblazer**

**Vancouver, British Columbia (November 12, 2019): Maxtech Ventures Inc. (“Maxtech” or the “Company”) (CSE: MVT) (Frankfurt: M1N) (OTC: MTEHF)** The Company is pleased to announce the appointment of Red Lake gold mining district trailblazer James Rogers to Senior Vice President, Exploration. Jim will be responsible for all exploration activities of the Company, starting immediately at the Panama Lake project. He will join the current team in the preparation and execution of its exploration strategy at all levels, plans and budgets including managing contractors and suppliers, where required.

### **Appointment of James Rogers**

James Rogers is a geologist with forty years of experience in the gold mining and exploration industry. Starting as a mine geologist in 1980, Jim spent almost thirty years in the Red Lake Gold mining camp in roles as Chief Geologist, Exploration Manager and as president of a junior exploration company. In 1988, Jim was awarded the CIM Professional Proficiency medal when he was Chief Mine Geologist at Dickenson Mine, predecessor to the Red Lake Gold Mines. The first exploration drill holes into what ultimately became Goldcorp's High Grade Gold Zone were drilled on his watch. Jim also spent nine years as Chief Geologist at the Eskay Creek mine where grade control and metallurgical study were critical to profitable mining and to expanding reserves. While at Eskay Creek Mine as Chief Geologist, he was part of the team that received the E.A. Schultz Award for Mine Development.

Peter Wilson, CEO of Maxtech Ventures Inc. stated: "Jim was instrumental in defining one of the maiden resources in the Red Lake mining district. It is a testament to the quality of the project at Panama Lake that Maxtech was able to attract someone of Jim's caliber. He brings a wealth of experience to the company and we are delighted to have Jim guiding our exploration efforts."

### **About Maxtech Ventures Inc.**
