

## FORM 7

### MONTHLY PROGRESS REPORT

Name of CNSX Issuer: Dundee Sustainable Technologies Inc. (the "Issuer" or "DST").

Trading Symbol: DST

Number of Outstanding Listed Securities 15,747,121

Date: June 8, 2020

This Monthly Progress Report must be posted before the opening of trading on the fifth trading day of each month. This report is not intended to replace the Issuer's obligation to separately report material information forthwith upon the information becoming known to management or to post the forms required by Exchange Policies. If material information became known and was reported during the preceding month to which this report relates, this report should refer to the material information, the news release date and the posting date on the Exchange website.

This report is intended to keep investors and the market informed of the Issuer's ongoing business and management activities that occurred during the preceding month. Do not discuss goals or future plans unless they have crystallized to the point that they are "material information" as defined in the Policies. The discussion in this report must be factual, balanced and non-promotional.

#### **General Instructions**

- (a) Prepare this Monthly Progress Report using the format set out below. The sequence of questions must not be altered, nor should questions be omitted or left unanswered. The answers to the items must be in narrative form. State when the answer to any item is negative or not applicable to the Issuer. The title to each item must precede the answer.
- (b) The term "Issuer" includes the Issuer and any of its subsidiaries.
- (c) Terms used and not defined in this form are defined or interpreted in Policy 1 – Interpretation and General Provisions.

#### **Report on Business**

1. Provide a general overview and discussion of the development of the Issuer's business and operations over the previous month. Where the Issuer was inactive disclose this fact.

**The growing pressure from communities and government authorities over the use of cyanide in various jurisdictions around the world is forcing developing gold projects to seek alternative processes that can extract the gold without the environmental liabilities associated with cyanide, while maintaining control over the deleterious elements such as arsenic, mercury and antimony.**

DST offers metallurgical processes for the treatment of complex and refractory material from mining operations. DST's Technologies are applied for the extraction of precious metals and for the removal and stabilization of contaminants, such as arsenic from ores and concentrates. DST provides environmentally responsible, viable and efficient processes, capable of handling ores which may not be processed with conventional approaches due to metallurgical issues or environmental considerations.

The Company continues the commercialization of its Technologies and seeking to maximize the value of all of its assets to accelerate this growth. The Corporation has numerous initiatives that it will execute to ensure success.

During the month of May, DST announced the signature of a commercial agreement to provide engineering services to a gold and copper producer (the "Client") for a full-scale plant of its GlassLock Process™. As part of the Agreement DST will receive a total of CDN\$600,000 from the Client. .

Furthermore, the Company announced the signature of a contract with the Giant Mine Oversight Board ("GMOB") to apply its GlassLock Process™ on arsenic trioxide material from the Giant Mine site located north of Yellowknife in the Northwest Territories.

#### COVID-19 situation

The first semester of 2020 has been marked by the severity of the Coronavirus global outbreak. The extent and duration of impact that the Coronavirus may have on the Corporation's operations including suppliers, service providers, employees and on global financial markets is not known at this time but is expected to be material. DST's technical center located in Thetford Mines site that had been temporarily closed on March 23, 2020, as result of the measures taken by the Quebec provincial government has resumed operations. The Corporation continues to monitor developments in order to be in a position to take appropriate action.
