PUDO is North America's first pick-up and drop-off service that is carrier-neutral ("Network"). Its large Network of convenient locations ensures reliable and secure delivery where you want it, when you want it. The Issuer is working closely with previously acquired customers to optimize procedures and expand the Network (referred to as PUDOpoints) to provide them service where and as they need it. Management of the Issuer continues to work on additional integrations with customers to grow parcel volumes while pursuing new customers and strategic partners.

During the COVID-19 pandemic, the Issuer's employees continued to work from home and manage the PUDO Network in support of its partners. As a result of COVID-19 the Issuer did continue to experience a decrease in parcel volume, while the PUDO Network has shown its value as most of the PUDOpoints that form the PUDO Network remained open as convenience stores were considered essential services.

Working with existing partners and potential new partners, the Issuer continues to actively recruit and add new PUDOpoint locations the various requirements and requests.

During the month, the Issuer continued with a pilot program with a large Canadian e-comm retailer providing 195 PUDOpoint locations by end of month that are displayed as alternative delivery locations during the retailer's customer checkout process. Additional locations may continue to be added during October 2020.

During the month, the Issuer and Purolator continued a phased launch process to onboard additional PUDOpoint locations for Purolator parcels. Additional locations will continue to be added during October 2020.

2. Provide a general overview and discussion of the activities of management.

Management of the Issuer continued to work with the Issuer's existing partners to manage the evolving PUDO Network and services, while continually pursuing new strategic opportunities that would enhance and expand the PUDO Network and service offerings to create shareholder value.

During the month, management of the Issuer completed the Issuer's Q2 FY 2021 unaudited interim financial reports ended August 31, 2020 and filed the approved reports on September 22, 2020. During the month management continued to invest in software development to enhance the Issuer's current software technology to manage API integration of PUDO's various service offerings with current and new partners.
