Far to Rely on BC Instrument 51-516 to Extend Filing Deadline.

VANCOUVER, CANADA – Far Resources Ltd (CSE:FAT) (FSE:F0R) (OTC:FRRSF) is providing an update on the status of the filing of its annual financial statements and accompanying management’s discussion and analysis, and related CEO and CFO certifications for the financial year ended March 31, 2020 (collectively “the Annual Filings”), which are required to be filed by July 29, 2020 under National Instrument 51-102. BC Instrument 51-516 allows for a 45-day filing extension for certain filings required on or before December 31, 2020 to allow issuers the time needed to focus on the many other business and financial reporting implications of COVID-19.

Far will rely on this exemption with respect to the Annual Filings. The Company is continuing to work diligently and expeditiously with its auditors to file the Annual Filings on or before August 12, 2020. In the interim, management and other insiders of the Company are subject to a trading black-out policy that reflects the principles in section 9 of National Policy 11-207, Failure to-File Cease Trade Orders and Revocations in Multiple Jurisdictions. The Company confirms that since the filings of its interim unaudited consolidated financial statements for the nine months ended December 30, 2019, there have been no material business developments other than those disclosed through news releases and as noted below.

About Far

Far Resources Ltd. is a Canadian battery and technology metals exploration and development company with lithium exploration projects in Canada and the USA. In Canada, Far is advancing its Zoro Lithium Project, located in the mining-friendly Snow Lake region of Manitoba. Zoro covers numerous known lithium pegmatite dykes and hosts the company’s 1.1 million tonne resource (0.93% Li₂O at a 0.3%

cutoff), plus an additional fifty targets. The company also holds a 60% stake in the Hidden Lake Lithium Project in Northwest Territories. In the USA, the company owns the Winston Project in New Mexico, a historic mining property with potential for bonanza-grade silver and gold.

More information is available at Far's website: www.farresources.com.

About BattMat

BattMat Technologies Inc. is dedicated to capitalizing on the advancement of battery-focused technologies and applications, including systems for distributed power, marine power and energy storage. More information is available at BattMat's website: www.battmat.com.

About Electric Blue Power

Electric Blue Power, LLC operates the all-electric vessel Electric Blue Yacht and is developing the VAB Controller® and other related designs of inventor Lee Wheelbarger. You can read more about EBP at www.electricbluepower.com.
