

## NEWS RELEASE

### **BAM BAM RESOURCES REPORTS OPERATIONS WILL CONTINUE AND OUTLINES COVID-19 RESPONSE**

VANCOUVER, BC—March 31, 2020— Bam Bam Resources Corp. (CSE: BBR / OTC: NPEZF / FSE: 4NPA) ("**Bam Bam**" or the "**Company**") would like to assure shareholders that it has not experienced any disruptions or delays on its exploration program as a result of COVID-19 or any travel restrictions implemented by local governments. The Company commenced its exploration program on its Majuba Hill copper gold project located 156 miles outside Reno, Nevada, USA, as announced on March 25, 2020.

"We are monitoring the situation closely and our highest priority is ensuring the health and well-being of all our employees, consultants and vendors. We are committed to ensuring we continue to operate while maintaining appropriate space to ensure we protect those host communities in which we operate. We have a well prepared, comprehensive contingency plan in place and feel that our approach will allow us to take maximum advantage of normalisation when it occurs," said David Greenway, President and CEO. "Given our recent financing and pre-emptive preparations, we have every confidence that we can navigate and respond to this global pandemic."

#### Our Shareholders and Local Communities

The Board and management would like to stress that this situation is not to be taken lightly! You must stay home and prevent acceleration of infection while the world works to produce a vaccine or treatment regime. We have plans and processes in place to fully allow workflow, communication and advancement while maintaining social distancing. Management is fully available to all stakeholder and community leaders via phone, video or virtual conference.

This tragic global situation is evolving and, for less diligent communities, things will likely get worse **before they get better**. BUT this pandemic "season" will pass! Your individual efforts will protect those you need, those you love and allow everyone to hit the ground running. Bam Bam is prepared, safe and most importantly ready to explode with energy and results.
