

A copy of this preliminary short form base shelf prospectus has been filed with the securities regulatory authorities in each of the provinces and territories of Canada that permits certain information about these securities to be determined after this prospectus has become final and that permits the omission from this prospectus of that information, but has not yet become final for the purpose of the sale of securities. Information contained in this preliminary short form base shelf prospectus may not be complete and may have to be amended. The securities may not be sold until a receipt for the short form base shelf prospectus is obtained from the securities regulatory authorities.

This preliminary short form prospectus is a base shelf prospectus. This short form base shelf prospectus has been filed under the legislation in each of the provinces and territories of Canada that permits certain information about the securities offered hereby to be determined after this prospectus has become final and that permits the omission from this prospectus of that information. The legislation requires the delivery to purchasers of a prospectus supplement containing the omitted information within a specified period of time after agreeing to purchase any of the securities offered hereby provided that such delivery is not required where an exemption from such delivery requirements is available.

No securities regulatory authority has expressed an opinion about these securities and it is an offence to claim otherwise. This short form prospectus constitutes a public offering of the securities only in those jurisdictions where they may be lawfully offered for sale and therein only by persons permitted to sell such securities.

Information has been incorporated by reference in this short form base shelf prospectus from documents filed with securities commissions or similar authorities in Canada. Copies of the documents incorporated herein by reference may be obtained on request without charge from the Chief Financial Officer of Entheon Biomedical Corp., at 211-3030 Lincoln Avenue, Coquitlam, British Columbia, V3B 6B4, Telephone (604) 562-3932 and are also available electronically at www.sedar.com.

Entheon Biomedical Corp. (the "**Company**" or "**Entheon**") may offer for sale hereunder and issue, from time to time, in one or more series or issuances (i) common shares in the capital of the Company ("**Common Shares**"), (ii) warrants to purchase Common Shares ("**Warrants**"), (iii) units comprising Common Shares and Warrants ("**Units**"), (iv) subscription receipts exercisable for Common Shares, Warrants or Units ("**Subscription Receipts**"), and (v) debt securities ("**Debt Securities**"), and together with the Common Shares, Warrants, Units and Subscription Receipts, the "**Securities**") of the Company, with the total gross proceeds not to exceed CDN\$100 million during the 25 month period that this short form base shelf prospectus (this "**Prospectus**"), including any amendments hereto, remains effective. The Securities may be offered hereunder in amounts, at prices and on terms to be determined based on market conditions at the time of sale and set forth in an accompanying shelf prospectus supplement ("**Prospectus Supplement**").

In addition, the Securities may be offered and issued in consideration for the acquisition of other businesses, assets or securities by the Company or a subsidiary of the Company. The consideration for any such acquisition may consist of any of the Securities separately, a combination of Securities or any combination of, among other things, Securities, cash and the assumption of liabilities.

The specific terms of the Securities in respect of which this Prospectus is being delivered will be set forth in the applicable Prospectus Supplement and will include the number of Securities offered, the offering price and any other specific terms.

All shelf information permitted under applicable laws to be omitted from this Prospectus will be contained in one or more Prospectus Supplements that will be delivered to purchasers together with this Prospectus. Each Prospectus Supplement will be incorporated by reference into this Prospectus for the purposes of securities legislation as of the date of the Prospectus Supplement and only for the purposes of the distribution of the Securities to which the Prospectus Supplement pertains.

The Common Shares are listed for trading on the Canadian Securities Exchange (“CSE”) under the trading symbol “ENBI” and on the Frankfurt Stock Exchange under the trading symbol “1XU1”. On July 28, 2021, being the last complete trading day prior to the date hereof, the closing price of the Common Shares on the CSE was \$0.33.

Unless otherwise specified in an applicable Prospectus Supplement, the Warrants, Units, Subscription Receipts and Debt Securities (collectively, the “**Non-Listed Securities**”) will not be listed on any securities or stock exchange or on any automated dealer quotation system. **There is currently no market through which the Non-Listed Securities may be sold and purchasers may not be able to resell such Non-Listed Securities purchased under this Prospectus. This may affect the pricing of the Non-Listed Securities in the secondary market, the transparency and availability of trading prices, the liquidity of the Non-Listed Securities and the extent of issuer regulation. See “Risk Factors”.**

An investment in the Securities being offered is highly speculative and involves significant risks that prospective investors should consider before purchasing such Securities. Prospective investors should carefully review the risks outlined in this Prospectus (including any Prospectus Supplement) and in the documents incorporated by reference as well as the information under the heading “Cautionary Note Regarding Forward-Looking Statements” and consider such risks and information in connection with an investment in the Securities. See “Risk Factors” for a more complete discussion of these risks.

Prospective investors should be aware that the acquisition and disposition of the Securities described herein may have tax consequences both in the United States and in Canada. Such consequences for investors who are resident in, or citizens of, the United States are not described fully herein. Prospective investors should read the tax discussion contained in any applicable Prospectus Supplement with respect to a particular offering of the Securities. See “Certain Income Tax Considerations” in this Prospectus.

THESE SECURITIES HAVE NOT BEEN APPROVED OR DISAPPROVED BY THE SECURITIES AND EXCHANGE COMMISSION NOR HAS THE COMMISSIONS PASSED UPON THE ACCURACY OR ADEQUACY OF THIS PROSPECTUS. ANY REPRESENTATION TO THE CONTRARY IS A CRIMINAL OFFENSE.

This Prospectus constitutes a public offering of Securities only in those jurisdictions where they may be lawfully offered for sale and therein only by persons permitted to sell the Securities. Entheon may offer and sell Securities to, or through, underwriters or dealers and also may offer and sell Securities directly to other purchasers or through agents pursuant to exemptions from registration or qualification under applicable securities laws. The Prospectus Supplement relating to each issue of Securities offered thereby will set forth the names of any underwriters, dealers or agents involved in the offering and sale of the Securities, if any, and will set forth the terms of the offering of the Securities, the method of distribution of Securities, including, to the extent applicable, the proceeds to the Company and any fees, discounts or any other compensation payable to underwriters, dealers or agents, if any, and any other material terms of the plan of distribution.

No underwriter has been involved in the preparation of this Prospectus or performed any review of the contents of this Prospectus.

Securities may be sold from time to time in one or more transactions at a fixed price or prices, which may be changed, or at non-fixed prices. If offered on a non-fixed price basis, Securities may be offered at market prices prevailing at the time of sale, at prices related to such prevailing market prices or at prices to be negotiated with purchasers at the time of sale, including sales in transactions that are deemed to be "at-the-market distributions" as defined in National Instrument 44-102 – *Shelf Distributions* ("**NI 44-102**"), including sales made directly on the CSE or other existing trading markets for the Securities, which prices may vary as between purchasers and during the period of distribution of the Securities, as set forth in an accompanying Prospectus Supplement. You should read this Prospectus and any applicable Prospectus Supplement carefully before you invest in the Securities.

No underwriter or dealer involved in an "at-the-market distribution" under this Prospectus, no affiliate of such an underwriter or dealer and no person or company acting jointly or in concert with such an underwriter or dealer will over-allot securities in connection with such distribution or effect any other transactions that are intended to stabilize or maintain the market price of the Securities.

In connection with any offering of Securities, except for an "at-the-market distribution" under this Prospectus or as set out in a Prospectus Supplement relating to a particular offering of Securities, the underwriters may over-allot or effect transactions which stabilize or maintain the market price of the Securities at a level above that which might otherwise prevail in the open market. Such transactions, if commenced, may be discontinued at any time. See "Plan of Distribution".

The Company's head office is at 211-3030 Lincoln Avenue, Coquitlam, British Columbia, V3B 6B4 and the Company's registered office is located at 10th Floor, 595 Howe Street, Vancouver, British Columbia, V6C 2T5.

CAUTIONARY NOTE REGARDING FORWARD-LOOKING STATEMENTS

This Prospectus and any Prospectus Supplement, and the documents incorporated by reference into this Prospectus and any Prospectus Supplement, contain forward-looking information within the meaning of Canadian securities laws (“**forward-looking information**” or “**forward-looking statements**”) concerning future events or future performance with respect to the Company's projects, business approach and plans, including, without limitation, capital and operating and cash flow estimates; business transactions including new business partnerships and the expected benefits therefrom; receipt and timing of governmental approvals, including the Health Products and Food Branch of Health Canada (“**Health Canada**”), the United States Food and Drug Administration (“**FDA**”) and the European Medicines Agency (“**EMA**”) approvals; the competitive conditions of the Company's industry; the anticipated changes to Canadian, United States and European Union federal laws regarding the legalization of psychedelics and specifically DMT (as defined below); the intention to grow the business, operations and potential activities of the Company; the Company's intention to build a brand and develop the DMT Solutions (as defined below); the Company's intention to build valuable intellectual property and the anticipated benefits therefrom; possible events, conditions or financial performance that is based on assumptions about future economic conditions and courses of action; requirements for additional capital; the Company's intention to enter into, and operate in, new jurisdictions; the amount of proceeds the Company intends to raise; the Company's intention to complete future offerings; the Company's expected expenditures; the Company's strategy; future results of current and anticipated services; expected developments in the psychedelic therapeutic industry; and the use of proceeds from any offerings conducted by the Company in connection with this Prospectus. Any statements that express or involve discussions with respect to predictions, expectations, beliefs, plans, projections, objectives or future events or performance (often, but not always, using words or phrases such as "expects", "anticipates", "believes", "plans", "projects", "estimates", "intends", "strategy", "goals", "objectives" or variations thereof or stating that certain actions, events or results "may", "could", "would", "might" or "will" be taken, occur or be achieved, or the negative of any of these terms and similar expressions) are not statements of historical fact and may be forward-looking information.

Forward-looking statements are necessarily based on estimates and assumptions made by the Company in light of its experience and perception of historical trends, current conditions and expected future developments. In making the forward-looking statements in this Prospectus and any Prospectus Supplement the Company has applied several material assumptions including, but not limited to, the assumption that: whether the Company will continue to be in compliance with regulatory requirements; possible events, conditions or financial performance that is based on assumptions about future economic conditions and courses of action; general economic, financial market, regulatory and political conditions in which the Company operates; general demand and consumer interest in the psychedelic-drug industry; competition; anticipated and unanticipated costs; the ability of the Company to obtain the necessary financing on acceptable terms; government regulation of the psychedelic-drug industry; the timely receipt of all required regulatory approvals; the effect of the COVID-19 pandemic on the personnel, business operations and financial condition of the Company and its business partners; the ability of the Company to obtain qualified staff and clinical and scientific consulting services in a timely and cost-efficient manner; the ability of the Company to conduct operations in a safe, efficient and effective manner; the Company's ability to obtain financing to meet its contractual obligations; and the ability of the Company to conduct operations in a safe, efficient and effective manner.

Forward-looking statements are subject to a variety of known and unknown risks, uncertainties and other factors that could cause actual events or results to differ from those expressed or implied by the forward-looking statements, including, without limitation:

- the Company's history of net losses and negative cash flows from operations and expectation of future losses and negative cash flows from operations;
- dilution related to the any future offerings conducted by the Company;
- industry-wide risks;
- fluctuations in capital markets and share prices;
- risks related to the ability to obtain financing needed to fund the continued development of the Company's business;
- the Company's ability to manage anticipated and unanticipated costs;
- risks related to securing patients for the Company's clinical trials and the outcome of such trials;
- risks related to securing and protecting the Company's intellectual property rights;
- risks related to the Company's failure to obtain necessary Health Canada, FDA, EMA and other regulatory approvals as scheduled or at all;
- risks related to the Company's inability to maintain or improve its competitive position;
- risks related to the Company's ability to establish its business internationally;
- risks related to the Company's failure to retain key personnel and hire additional personnel needed to develop its business;
- risks related to the Company's failure to adequately evaluate its current business and its future prospects;
- risks related to the Company's business practice reputation being negatively affected by unfavourable publicity or consumer perception of the psychedelic-drug industry;
- the impact of any negative scientific studies on the effects of DMT (as defined below) and other psychedelics; market conditions, volatility and global economic conditions;
- environmental risks;
- increased competition;
- restrictions imposed by the CSE and other regulatory authorities on the Company's business;
- insurance and tax risks; risks related to the Company's contractual obligations;
- risks associated with failure to maintain community acceptance, agreements, and permissions (generally referred to as "social license");
- political and regulatory risks associated with the psychedelic industry; and
- general risks and uncertainties related to the Company's prospects and business strategy, as well as those factors discussed in the section entitled "Risk Factors."

This list is not exhaustive of the factors that may affect any of the Company's forward-looking statements. Forward-looking statements are statements about the future and are inherently uncertain, and actual achievements of the Company or other future events or conditions may differ materially from those reflected in the forward-looking statements due to a variety of risks, uncertainties and other factors, including, without limitation, those referred to in this Prospectus under the heading "Risk Factors", elsewhere in this Prospectus and in documents incorporated by reference herein. In addition, although the Company has attempted to identify important factors that could cause actual achievements, events or conditions to differ materially from those identified in the forward-looking statements, there may be other factors that cause achievements, events or conditions not to be as anticipated, estimated or intended. Many of the foregoing factors are beyond the Company's ability to control or predict.

These forward-looking statements are based on the beliefs, expectations and opinions of management on the date the statements are made and the Company does not assume any obligation to update forward-looking statements, except as required by applicable securities laws, if circumstances or management's beliefs, expectations or opinions should change. For the reasons set forth above, forward-looking statements are inherently unreliable, and investors should not place undue reliance on forward-looking statements.

The forward-looking statements contained in this Prospectus and the documents incorporated by reference herein and therein are qualified by the foregoing cautionary note.

CURRENCY PRESENTATION AND EXCHANGE RATE INFORMATION

The financial statements incorporated by reference in this Prospectus, and the selected consolidated financial data derived therefrom included in this Prospectus, are presented in Canadian dollars. In this Prospectus, references to "CDN\$" or "\$" are to Canadian dollars and references to "US\$" are to United States dollars. On July 28, 2021, the daily average rate as reported by the Bank of Canada for the conversion of one Canadian dollar into United States dollars was CDN\$1.00 equals US\$1.2566. The Canadian dollar/U.S. dollar exchange rate has varied significantly over the last several years.

THE COMPANY

The following description of the Company and its business is derived from selected information about the Company contained in the documents incorporated by reference into this Prospectus. This description does not contain all of the information about the Company and its business that you should consider before investing in the Securities. You should carefully read the entire Prospectus and any applicable Prospectus Supplement, including the section entitled "Risk Factors", as well as the documents incorporated by reference into this Prospectus and the applicable Prospectus Supplement, before making an investment decision.

Corporate Information

Name, Address and Incorporation

The Company was incorporated on April 6, 2010, pursuant to the CBCA under the name "M.P.V. Explorations Inc./Explorations M.P.V. Inc." On October 23, 2018, the Company changed its name to "MPV Exploration Inc." The head office of the Company is located at 211-3030 Lincoln Avenue, Coquitlam, British Columbia, V3B 6B4 and the registered office is located at 10th Floor, 595 Howe Street, Vancouver, British Columbia V6C 2T5.

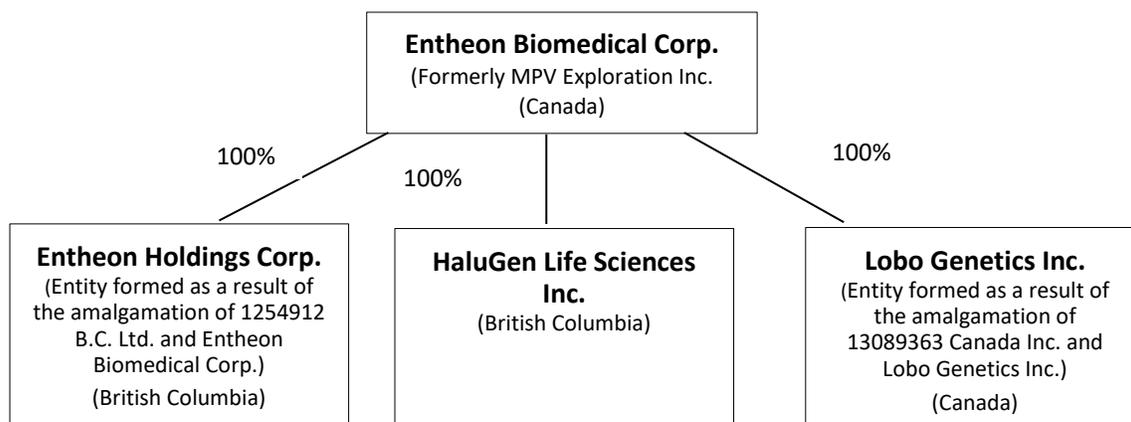

On November 5, 2020 the Company completed a Fundamental Change as defined by the policies of the CSE whereby the Company's now wholly-owned subsidiary, Entheon Holdings, completed a reverse takeover of the Company by way of a three-cornered amalgamation (the "**RTO**") all pursuant to an amalgamation agreement between the Company, Former Entheon and MPV Sub. Immediately prior to the completion of the RTO, the Company completed a consolidation of the Common Shares (the "**Consolidation**") on the basis one post-Consolidation common share for every three pre-Consolidation common shares held by a shareholder of the Company prior to completion of the RTO. Pursuant to the RTO, among other things: (i) Former Entheon amalgamated with MPV Sub under subsection 269 of the BCBCA to form Entheon Holdings; (ii) shareholders of Entheon Holdings received one post-Consolidation Common Share in exchange for each common share of Entheon Holdings held by such shareholder immediately prior to the effective time of the RTO; and (iii) MPV changed its name to "Entheon Biomedical Corp." and Entheon Holdings became a wholly-owned subsidiary of the Company. After completion of the RTO, the Company took over the business of Entheon Holdings and although the RTO resulted in Entheon Holdings becoming a wholly-owned subsidiary of the Company, the RTO constituted a reverse take-over of the Company because former shareholders of Entheon Holdings held approximately 73.90% of the issued and outstanding Common Shares immediately after completion of the RTO. On November 12, 2020, the Common Shares began trading on the CSE under the symbol "ENBI" and on November 26, 2020 the Common Shares began trading on the Frankfurt Stock Exchange under the symbol "1XU1."

Change in year-end

Effective November 5, 2020, the Company changed its financial year-end from March 31 to November 30 in connection with the RTO. The change in year-ended resulted in the Company filing a one time, 7-month transition year for the period of April 1, 2020 to November 30, 2020. Subsequent to the transition year, the Company's financial year became and currently is from the period of December 1 to November 30. Information regarding the change of year-end can be found in the Amended Notice of Change in Corporate Structure filed on the Company's SEDAR profile at www.sedar.com on November 10, 2020.

Intercorporate Relationships

As of the date hereof, the Company has three wholly owned subsidiaries, which are reflected in the organization chart below:

Summary Description of Business

The Company is a biotechnology research and development company committed to developing and commercializing its DMT Products and DMT Delivery System (each defined below) for the purposes of treating addiction and substance use disorders. DMT is a chemical substance that naturally occurs in many plants and animals and which is a structural analog of serotonin; it is among the most potent of the classic psychedelic drugs, and is unique in that its effects last only minutes instead of hours. Given the emerging recognition of the therapeutic potential of classic psychedelics for treating mental health disorders and the short acting and powerful nature of DMT, it appears to be an ideal molecular candidate for medical use. Notwithstanding the foregoing, DMT is currently a Schedule III drug under *The Controlled Drugs and Substances Act* (Canada) and a Schedule I drug under *The Controlled Substances Act* (United States) and the *UN Convention 1971* (European Union) and is illegal, under each such legislation, to possess without a prescription or an exemption. As of the date hereof, neither Health Canada, the FDA nor the EMA have approved DMT as a drug for any indication.

DMT Products

Entheon seeks to develop and commercialize a portfolio of safe and effective DMT based psychedelic therapeutic products that consist of proprietary DMT drug formulations packaged in single-use containers targeted to treat a number of different addiction and substance use disorders (the “**DMT Products**”). The containers may alternatively take the form of intravenous bags, ampules, or cartridges but in any case will be designed to work within the DMT Delivery System (see below). Each unit of the DMT based drug solution will be offered in tamper-proof packaging and sealed in a way that only allows it to be used for one treatment session. The contents will be a proprietary mixture and will include the exact amount of DMT for the treatment in question, along with other non-medicinal ingredients such as stabilizing agents and saline solution. The specific dose of DMT for each type of treatment will be determined from the results of Entheon’s clinical trials. It is Entheon’s intention that the DMT Products will be used in medical clinics, treatment centres and hospitals to treat patients with addiction and substance use disorders. Essential to the efficacy of each DMT Product to effectively treat the addiction or disorder it is intended to treat are: (i) the amount of DMT contained in each product; and (ii) the particular dosage instructions provided therewith (collectively referred to as the “**Dosing Strategies**”). To that end, in connection with the development of DMT Products, Entheon is currently developing a number of different proprietary

Dosing Strategies to treat different addictions and disorders, each of which will be incorporated into the different DMT Products developed. In the simplest terms, Entheon plans to develop and sell containers of DMT-based medicine containing predetermined amounts of DMT and corresponding instructions to treat patients for specific addictions. The Company is initially focused on treating nicotine addiction.

DMT Delivery System

Furthermore, Entheon eventually seeks to develop and commercialize a set of delivery equipment that can effectively pump its DMT Products into patients and thereafter measure their vital signs to ensure the particular DMT Product is working correctly (the “**DMT Delivery System**” and collectively with the DMT Products, the “**DMT Solutions**”). The DMT Delivery System will be administered within a proprietary therapeutic protocol, which is intended to integrate intravenous infusion technology with real-time monitoring devices, including electroencephalography. The DMT Delivery System will employ existing target-controlled intravenous pump technology, typically used in analgesia and pain management, to administer the DMT Products according to the Dosing Strategies developed by Entheon. Operating within a calibrated dose range specific to treating addiction, the variable flow rate will gradually bring the patient to a therapeutic level of immersion and maintain a constant subjective experience by integrating real-time neurological signals and other biometric data into the pump flow rate parameters. Unlike other psychedelic experiences, if the patient has an adverse reaction, the DMT Delivery System will allow the experience to be stopped safely and quickly without the need for sedatives or other drug interventions. This DMT Delivery System will also allow for inputs and adjustments by the attending physician, and will include a patient-controlled device to pause or abort the treatment in the rare event of a challenging subjective experience. The DMT Delivery System will include sensors to monitor the patients’ brain activity, along with heart rate, body temperature and other vital signs, to ensure that they are responding as expected to the treatment.

As of the date hereof, Entheon is and has been working with its science advisors and various research organizations to, among other things: (i) develop several Dosing Strategies that will be validated in planned human trials; (ii) design a DMT-focused clinical protocol which integrates the Dosing Strategies within an addiction treatment program to be tested experimentally in clinical trial subjects (the “**DMT Protocol**”); and (iii) complete a number of pre-clinical and clinical studies, the results of which will inform the DMT Protocol. Thereafter, Entheon intends to submit the DMT Protocol and other regulatory documents to Health Canada, the FDA and the EMA for approval. Additionally, as of the date hereof Entheon has conducted research and scientific development relating to its DMT Solutions, the DMT Protocol and design of a DMT-based phase I safety and proof-of-concept clinical study in humans. In addition, Entheon has pursued the prosecution of patents relating to its Dosing Strategies and DMT Protocol. Entheon does not currently generate revenue. Subject to obtaining all requisite regulatory approvals and permits, Entheon intends to generate revenue through the sale of its DMT Products (which will incorporate the Dosing Strategies) and eventually the license of its DMT Delivery System to physicians, clinics and licensed psychiatrists in the United States, certain countries in the European Union and throughout Canada.

Recent Developments

The Lobo Transaction

On June 15, 2021, the Company entered into an arm's length amalgamation agreement (the “**Amalgamation Agreement**”) with Lobo Genetics Inc., a personalized genetics company with a direct-to-consumer platform currently being used in both the psychedelics and cannabis space to provide

personalized insights into an individual's response to hallucinogenic and psychoactive drugs ("**Lobo**"), and 13089363 Canada Inc. ("**Subco**"), a wholly-owned subsidiary of Entheon formed solely for the purpose of facilitating the Lobo Transaction. Pursuant to the Amalgamation Agreement, Entheon and Lobo combined their respective businesses by way of a "three-cornered" amalgamation in accordance with section 185 of the CBCA (the "**Lobo Transaction**"). The Lobo Transaction was completed on July 29, 2021 (the "**Closing Date**") as follows. Pursuant to the Amalgamation Agreement:

- (a) Lobo amalgamated with Subco to form "Lobo Genetics Inc." ("**Amalco**"), which became a wholly-owned subsidiary of the Company and continued to carry on the business of Lobo;
- (b) all of the common shares in the capital of Lobo (the "**Lobo Shares**") were acquired by the Company;
- (c) in consideration for each Lobo Share acquired, the Company issued 0.072 Common Shares such that the Company issued an aggregate of 5,000,000 Common Shares (the "**Consideration Shares**") to the shareholders of Lobo. The Consideration Shares are subject to contractual restrictions on transfer and have been or will be released in accordance with the following schedule:
 - (i) 1,250,000 Consideration Shares on the Closing Date;
 - (ii) 1,250,000 Consideration Shares on the date that is 4 months following the Closing Date;
 - (iii) 1,250,000 Consideration Shares on the date that is 8 months following the Closing Date;
and
 - (iv) 1,250,000 Consideration Shares on the date that is 12 months following the Closing Date;
- (d) in addition to the Consideration Shares, the Company issued 9,603 Options (the "**Replacement Options**") to the holders of outstanding stock options of Lobo (the "**Lobo Stock Options**") in exchange for the exchange or conversion of the Lobo Stock Options. Each Replacement Option is exercisable for one Common Share at a price of \$6.94 per Common Share until the originally contemplated expiry date, in accordance with the original terms of the applicable Lobo Option.

Upon completion of the Lobo Transaction each of the current directors of Lobo resigned and Timothy Ko, Entheon's Chief Executive Officer, President and a director of the Company was appointed as the sole director of Amalco. In addition, John Lem, the founder and CEO of Lobo joined Entheon's advisory board as a strategic advisor of industry affairs. In connection with his engagement, Entheon issued Mr. Lem 200,000 Options, each exercisable to purchase one Common Share at a price of \$0.33 per Common Share until July 29, 2026.

Other Events and Transactions

On July 29, 2021, pursuant to advisory agreements between Entheon and certain of its scientific advisors, Entheon issued such advisors an aggregate of 200,000 Options, each exercisable to purchase one Common Share at a price of \$0.33 per Common Share until July 29, 2026.

Expected Changes

Management is also keeping apprised of the latest developments and is currently in the process of evaluating the impact of the COVID-19 pandemic on its business, including, but not limited to, the impact on the Company's operations, personnel and financial condition, the impact on the operations, personnel and financial condition of the business partners of the Company, and the Company's eligibility to receive benefits made available through announced government relief programs. In addition, due to the potential impact of COVID-19 on the overall economic environment, there is a risk that the Company may require further financial support to fund its operations in the future should COVID-19 impact its expenditures and/or cash flows. At this time, management is unable to quantify the potential financial impact associated with this event. See "Use of Proceeds" and "Risk Factors – Impact of COVID-19" for additional details on the impacts of the COVID-19 pandemic on the Company.

RISK FACTORS

An investment in the Company's Securities is speculative and involves a high degree of risk. In addition to the other information included or incorporated by reference in this Prospectus or any applicable Prospectus Supplement, you should carefully consider the risks and uncertainties described in the documents incorporated by reference in this Prospectus and any applicable Prospectus Supplement, together with all of the other information contained in this Prospectus, before purchasing the Company's Securities. The occurrence of any of such risks could have a material adverse effect on our business, financial condition, results of operations and future prospects. In these circumstances, the market price of the Securities, including the Common Shares, could decline, and you may lose all or part of your investment. The risks described herein are not the only risks the Company faces; risks and uncertainties not currently known to by the Company or that it currently deems to be immaterial may also materially and adversely affect its business, financial condition and results of operations. Investors should also refer to the other information set forth or incorporated by reference in this Prospectus or any applicable Prospectus Supplement, including our consolidated financial statements and related notes.

This Prospectus also contains forward-looking statements that involve risks and uncertainties. The Company's actual results could differ materially from those anticipated in the forward-looking statements as a result of a number of factors, including the risks described herein. See "Cautionary Note Regarding Forward-Looking Statements."

The principal risk factors to which the Company's business and its Securities are subject are presented in detail in the AIF under the heading "Risk factors", as well as the risk factors described under the heading "Risk Factors" in any applicable Prospectus Supplement. See "Documents Incorporated by Reference". The following is an abbreviated list of risk factors. These risk factors, as well as risks currently unknown to the Company, could materially adversely affect the Company's future business, operations and financial condition and could cause them to differ materially from the estimates described in forward-looking statements relating to the Company, or its business, property or financial results, each of which could cause investors to lose part or all of their investment.

Risks Related to the Offering of Securities

Market for the Common Shares

The Common Shares are listed and posted for trading on the CSE. An investment in the Securities is highly speculative. The market prices for the securities of companies in the research and development and biotechnology industry have historically been highly volatile. The market has from time-to-time

experienced significant price and volume fluctuations that are unrelated to the financial performance or prospects of any particular company. In addition, because of the nature of the psychedelic drug industry in specific, certain factors can have an adverse impact on the market price of the Common Shares, including, without limitation:

- the Company's announcements and the public's reaction;
- the Company's financial condition or results of operations as reflected in the Company's quarterly and annual financial statements;
- the Company's operating performance and the performance of competitors and other similar companies;
- government regulations regarding psychedelic drugs;
- changes in earnings estimates or recommendations by research analysts who track the Securities or securities of other companies in the psychedelic-drug industry;
- general market conditions;
- announcements relating to litigation;
- the arrival or departure of key personnel; and
- the factors listed under the heading "Cautionary Note Regarding Forward-Looking Statements".

Absence of a public market for some of the Securities

There is no public market for the Non-Listed Securities and, unless otherwise specified in the applicable Prospectus Supplement, the Company does not intend to apply for listing of the Non-Listed Securities on any securities exchanges. If the Non-Listed Securities are traded after their initial issuance, they may trade at a discount from their initial offering prices depending on prevailing interest rates (as applicable), the market for similar securities and other factors, including general economic conditions and the Company's financial condition. There can be no assurance as to the liquidity of the trading market for the Non-Listed Securities or that a trading market for these securities will develop at all.

Future sales of issuance of debt or equity securities

Given the Company's plans and expectations that additional capital and personnel will be needed, the Company may need to issue additional debt or equity securities. The Company cannot predict the size of future sales and issuances of debt or equity securities or the effect, if any, that future sales and issuances of debt or equity securities will have on the market price of the Common Shares. Sales or issuances of a substantial number of equity securities, or the perception that such sales could occur, may adversely affect prevailing market prices for the Common Shares. With any additional sale or issuance of equity securities, investors will suffer dilution of their voting power and may experience dilution in the Company's earnings per share.

Volatility of Market Price of Common Shares

The market price of the Common Shares may be volatile. The volatility may affect the ability of holders to sell the Common Shares at an advantageous price. Market price fluctuations in the Common Shares may be due to the Company's operating results failing to meet the expectations of securities analysts or investors in any quarter, downward revision in securities analysts' estimates, governmental regulatory action, adverse change in general market conditions or economic trends, acquisitions, dispositions or other material public announcements by the Company or its competitors, along with a variety of additional factors, including, without limitation, those set forth under "Note Regarding Forward Looking Information". In addition, the market price for securities in the stock markets, including the CSE, continues to experience significant price

and trading fluctuations. These fluctuations have resulted in volatility in the market prices of securities that often has been unrelated or disproportionate to changes in operating performance. These broad market fluctuations may adversely affect the market prices of the Common Shares.

Discretion in the use of proceeds

The Company currently intends to allocate the net proceeds, if any, received from any offering of Securities as described under “Use of Proceeds”; however, the Company will have discretion in the actual application of such net proceeds, and may elect to allocate net proceeds differently from that described under “Use of Proceeds” if determined by the Board to be in the Company’s best interests to do so. Shareholders may not agree with the manner in which the Board and management choose to allocate and spend the net proceeds. The failure by the Company to apply these funds effectively could have a material adverse effect on the Company’s business.

Unsecured Debt Securities

The Company carries on its business through its subsidiaries, and the majority of its assets are held in its subsidiaries. The results of the Company’s operations and its ability to service indebtedness, including the Debt Securities, are dependent upon the results of operations of these subsidiaries and the payment of funds by these subsidiaries to the Company in the form of loans, dividends or otherwise. Unless otherwise indicated in the applicable Prospectus Supplement, the Company’s subsidiaries will not have an obligation to pay amounts due pursuant to any Debt Securities or to make any funds available for payment on Debt Securities, whether by dividends, interest, loans, advances or other payments. In addition, the payment of dividends and the making of loans, advances and other payments to the Company by its subsidiaries may be subject to statutory or contractual restrictions. Unless otherwise indicated in the applicable Prospectus Supplement, the indenture governing the Company’s Debt Securities is not expected to limit the Company’s ability or the ability of its subsidiaries to incur indebtedness. Unless otherwise indicated in the applicable Prospectus Supplement, such indebtedness of the Company’s subsidiaries would be structurally senior to the Debt Securities. As such, in the event of the liquidation of any subsidiary, the assets of the subsidiary would be used first to repay the obligations of the subsidiary, including indebtedness and trade payables, prior to being used by the Company to pay its indebtedness, including any Debt Securities. See “Description of Debt Securities”.

Effect of changes in interest rates on Debt Securities

Prevailing interest rates will affect the market price or value of any Debt Securities. The market price or value of any Debt Securities may decline as prevailing interest rates for comparable debt instruments rise, and increase as prevailing interest rates for comparable debt instruments decline.

Effect of fluctuations in foreign currency markets on Debt Securities

Debt securities denominated or payable in foreign currencies may entail significant risk. These risks include, without limitation, the possibility of significant fluctuations in the foreign currency markets, the imposition or modification of foreign exchange controls and potential liquidity restrictions in the secondary market. These risks will vary depending upon the currency or currencies involved and will be more fully described in the applicable Prospectus Supplement.

Loss of Entire Investment

An investment in the Securities is speculative and may result in the loss of an investor's entire investment. Only potential investors who are experienced in high risk investments and who can afford to lose their entire investment should consider an investment in the Company.

Net losses and negative cash flows

Entheon has never been profitable and does not expect to be profitable in the foreseeable future. Entheon has not yet submitted any psychedelic therapeutic products for approval by regulatory authorities in Canada, the European Union, the United States or elsewhere.

To date, Entheon has devoted most of its financial resources to research and development, including drug discovery research, preclinical development activities and clinical trial preparation, as well as corporate overhead. Entheon has not generated any revenues from product sales. Entheon expects to continue to incur losses for the foreseeable future, and expects these losses to increase as Entheon continues its development of, and seek regulatory approvals for its DMT Products, prepare for and begin the commercialization of any approved solutions and add infrastructure and personnel to support its continuing product development efforts. Entheon anticipates that any such losses could be significant for the next several years. If its DMT Products fail in clinical trials or do not gain regulatory approval, or if its DMT Solutions do not achieve market acceptance, Entheon may never become profitable. As a result of the foregoing, Entheon expects to continue to experience net losses and negative cash flows for the foreseeable future. These net losses and negative cash flows have had, and will continue to have, an adverse effect on Entheon's stockholders' equity and working capital.

Because of the numerous risks and uncertainties associated with pharmaceutical product development, Entheon is unable to accurately predict the timing or amount of increased expenses or when, or if, Entheon will be able to achieve profitability. In addition, Entheon's expenses could increase if it is required by Health Canada, the FDA or the EMA to perform studies or trials in addition to those currently expected, or if there are any delays in completing its clinical trials or the development of any of its DMT Solutions. The amount of future net losses will depend, in part, on the rate of future growth of its expenses and its ability to generate revenues.

Dilution

The Company expects to require additional funds to finance its growth and development strategy. If the Company elects to raise additional funds by issuing additional equity securities, such financing may substantially dilute the interests of the Company's shareholders. The Company may also issue additional Common Shares in the future pursuant to existing and new agreements in respect of its projects or other acquisitions and pursuant to existing securities of the Company.

Dividend Policy

The Company has not paid any dividends on its Common Shares. Any decision to pay dividends on the Common Shares in the future will be made by the Board on the basis of the earnings, financial requirements and other conditions existing at such time. Until the Company pays dividends, which it may never do, holders of Common Shares will not be able to receive a return on their Common Shares unless they sell them.

Impact of COVID-19

Entheon's business, operations and financial condition could be materially and adversely affected by the outbreak of epidemics or pandemics or other health crises, including the recent outbreak of COVID-19. On January 30, 2020, the World Health Organization declared the outbreak of a global health emergency and on March 13, 2020 the United States declared that the COVID-19 outbreak in the United States constitutes a national emergency. To date, there have been a large number of temporary business closures, quarantines and a general reduction in consumer activity in Canada, the United States, Europe and China. The outbreak has caused companies and various international jurisdictions to impose travel, gathering and other public health restrictions. While these effects are expected to be temporary, the duration of the various disruptions to businesses locally and internationally and the related financial impact cannot be reasonably estimated at this time. Similarly, Entheon cannot estimate whether or to what extent this outbreak and the potential financial impact may extend to countries outside of those currently impacted. Entheon is actively assessing and responding where possible to the potential impact of the COVID-19 pandemic. Entheon may face disruption to restrictions on operations, delays and uncertainties to planned clinical trials, travel restrictions, impact on personnel and the impact on the economic activity in affected countries or regions can be expected and can be difficult to quantify. Such pandemics or diseases represent a serious threat to maintaining a skilled workforce industry and could be a major health care challenge for Entheon. There can be no assurance that Entheon's personnel will not be impacted by this pandemic and ultimately that Entheon would see its workforce productivity reduced or incur increased medical costs/insurance premiums as a result of these health risks. In addition, the COVID-19 pandemic has created a dramatic slowdown in the global economy. Depending on the length and severity of the pandemic, COVID-19 could impact Entheon's operations, could cause delays relating to pre-clinical and clinical trials and receipt of approval from Health Canada, the FDA and/or the EMA, could postpone research activities, and could impair Entheon's ability to raise funds depending on COVID-19's effect on capital markets. The duration of the COVID-19 pandemic outbreak and the resultant travel restrictions, social distancing, government response actions, business closures and business disruptions, can all have an impact on Entheon's operations and access to capital. There can be no assurance that Entheon will not be impacted by adverse consequences that may be brought about by the COVID-19 pandemic on global financial markets, share prices and financial liquidity and thereby that may severely limit the financing capital available. Finally, the duration and impact of the COVID-19 outbreak is unknown at this time, as is the efficacy of the government and central bank interventions. It is not possible to reliably estimate the length and severity of these developments and the impact on the financial results and condition of Entheon in future periods.

- (3) Each Broker Warrant is exercisable to acquire one unit of the Company, with each unit being comprised of one Common Share and one-half of one Warrant. 211,297 Broker Warrants are exercisable at a price of \$0.375 until September 3, 2022. 168,490 Broker Warrants are exercisable at a price of \$0.75 until December 24, 2022.

USE OF PROCEEDS

Unless otherwise specified in the Prospectus Supplement, the net proceeds of any offering of Securities under a Prospectus Supplement will be used for among other potential uses: (i) operational costs relating to the Company's business; (ii) the acquisition of new intellectual property or other businesses; and (iii) general corporate and working capital purposes. In its most recently completed financial year, the Company had negative cash flow from operating activities. The Company has no cash flow from operating activities and likely will allocate all of the net proceeds of any offering of Securities under a Prospectus Supplement in order to fund negative cash flow from operating and investment activities in future periods. More detailed information regarding the use of proceeds from a sale of Securities will be included in the applicable Prospectus Supplement.

The Company may also, from time to time, decide to issue securities (including Securities) otherwise than pursuant to a Prospectus Supplement to this Prospectus. All expenses relating to an offering of securities

of the Company and any compensation paid to underwriters, dealers or agents, as the case may be, will be paid out of the Company's general funds, unless otherwise stated in the applicable Prospectus Supplement.

To date, the COVID-19 pandemic has not had a material impact on the Company's operations, business plans or milestones. Although the Company does not currently anticipate that the COVID-19 pandemic will materially interfere with the achievement of its objectives, due to the evolving nature of COVID-19 and its impacts, the Company cannot accurately predict the affect it will have on the Company's ability to achieve its objectives within the timelines expected or at all. See "*Risk Factors – Impact of COVID-19.*"

DIVIDEND POLICY

The Company has not paid any dividends since incorporation. Payment of dividends in the future is dependent upon the earnings and financial condition of the Company and other factors which the directors may deem appropriate at the time.

DESCRIPTION OF SHARE CAPITAL

Authorized Capital

The Company is authorized to issue an unlimited number of Common Shares. As of the date hereof, there are 59,039,266 Common Shares issued and outstanding. The following is a summary of the material rights, privileges, restrictions and conditions attaching to the Common Shares of the Company and is subject to, and qualified by, reference to the articles of the Company.

There are no special rights or restrictions of any nature attached to any of the Common Shares. The holders of the Common Shares are entitled to receive notice of and to attend and vote at all meetings of the shareholders of Entheon and each Common Share confers the right to one vote in person or by proxy at all meetings of the shareholders of Entheon. The holders of the Common Shares, subject to the prior rights, if any, of any other class of shares of Entheon are entitled to receive such dividends in any financial year as the Board may by resolution determine. In the event of the liquidation, dissolution or winding-up of Entheon, whether voluntary or involuntary, the holders of the Common Shares are entitled to receive, subject to the prior rights, if any, of the holders of any other class of shares of Entheon, the remaining property and assets of Entheon. Any decision to pay dividends on Common Shares in the future will be made by the Board on the basis of the earnings, financial requirements and other conditions existing at such time.

PLAN OF DISTRIBUTION

The Company may sell the Securities to or through underwriters or dealers, and also may sell Securities to one or more other purchasers directly or through agents. Each Prospectus Supplement will set forth the terms of the offering, including the name or names of any underwriters or agents, the purchase price or prices of the Securities and the proceeds to the Company from the sale of the Securities. Only those underwriters, dealers or agents named in a Prospectus Supplement will be the underwriters, dealers or agents in connection with the Securities offered thereby.

The Securities may be sold, from time to time, in one or more transactions at a fixed price or prices which may be changed or at market prices prevailing at the time of sale, at prices related to such prevailing market prices or at negotiated prices, including sales in transactions deemed to be "at the market

distributions" as defined in NI 44-102, including sales made directly on the CSE or other existing markets for the Securities. Additionally, this Prospectus and any Prospectus Supplement may also cover the initial resale of the Securities purchased pursuant thereto.

The prices at which the Securities may be offered may vary as between purchasers and during the period of distribution. If, in connection with the offering of Securities to which a Prospectus Supplement pertains, the underwriters have made a bona fide effort to sell all of the Securities at the initial offering price fixed in the applicable Prospectus Supplement, the public offering price may be decreased and thereafter further changed, from time to time, to an amount not greater than the initial public offering price fixed in such Prospectus Supplement, in which case the compensation realized by the underwriters will be decreased by the amount that the aggregate price paid by purchasers for the Securities is less than the gross proceeds paid by the underwriters to the Company.

No underwriter or dealer involved in an "at-the-market distribution" under this Prospectus, no affiliate of such an underwriter or dealer and no person or company acting jointly or in concert with such an underwriter or dealer will over-allot Securities in connection with such distribution or effect any other transactions that are intended to stabilize or maintain the market price of the Securities.

In connection with any offering of Securities, except for an "at-the-market distribution," under this Prospectus or as set out in a Prospectus Supplement relating to a particular offering of Securities, the underwriters may over-allot or effect transactions which stabilize or maintain the market price of the Securities at a level above that which might otherwise prevail in the open market. Such transactions, if commenced, may be discontinued at any time.

In connection with the sale of Securities, underwriters may receive compensation from the Company or from purchasers of the Securities from whom they may act as agents in the form of discounts, concessions or commissions. Any such commissions will be paid out of the Company's general funds. Underwriters, dealers and agents that participate in the distribution of Securities may be deemed to be underwriters and any discounts or commissions received by them from the Company and any profit on the resale of Securities by them may be deemed to be underwriting discounts and commissions under applicable securities legislation.

Underwriters, dealers and agents who participate in the distribution of the Securities may be entitled under agreements to be entered into with the Company to indemnification by the Company against certain liabilities, including liabilities under the U.S. Securities Act of 1933, as amended (the "**U.S. Securities Act**"), and Canadian securities legislation, or to contribution with respect to payments which such underwriters, dealers or agents may be required to make in respect thereof. Those underwriters, dealers and agents may be customers of, engage in transactions with, or perform services for, the Company in the ordinary course of business.

CERTAIN INCOME TAX CONSIDERATIONS

The applicable Prospectus Supplement will describe certain Canadian federal income tax consequences to investors of acquiring, holding and disposing of Securities.

The applicable Prospectus Supplement will also describe certain U.S. federal income tax consequences of the acquisition, ownership and disposition of Securities by an initial investor who is a U.S. person (within the meaning of the U.S. Internal Revenue Code), if applicable.

DESCRIPTION OF SECURITIES OFFERED UNDER THIS PROSPECTUS

Common Shares

The Company may offer Common Shares from time to time under this Prospectus, together with any applicable Prospectus Supplement, at prices and on terms to be determined by market conditions at the time of offering. This Prospectus provides you with a general description of the Common Shares the Company may offer. Each time the Company offers Common Shares, the specific amounts, prices and other important terms of the securities will be described in the applicable Prospectus Supplement, including, to the extent applicable:

- designation or classification;
- aggregate offering price;
- original issue discount, if any;
- redemption, conversion or exchange terms, if any;

Warrants

This section describes the general terms that will apply to any Warrants issued pursuant to this Prospectus. The Company may issue Warrants independently or together with other securities, and Warrants sold with other securities may be attached to or separate from such other securities. Warrants may be issued under one or more warrant indentures or warrant agency agreements between the Company and one or more banks or trust companies acting as warrant agent.

The Company will not offer Warrants pursuant to this Prospectus unless a Prospectus Supplement containing the specific terms of the Warrants so offered is filed with the securities commissions or similar regulatory authorities in each of the provinces of Canada where the Warrants will be offered for sale.

The specific terms of the Warrants, and the extent to which the general terms described in this section apply to those Warrants, will be set forth in the applicable Prospectus Supplement. This description will include, where applicable:

- the aggregate number of Warrants being offered;
- the price at which the Warrants will be offered;
- the date or dates on which the Warrants may be exercised;
- the number of Common Shares that may be purchased upon the exercise of each Warrant;
- whether the Warrants will be subject to redemption and, if so, the terms of such redemption provisions;
- the terms of any provisions allowing or providing for adjustments in (i) the number and/or class of securities issuable upon exercise of the Warrants, (ii) the exercise price of the Warrants and (iii) the term of the Warrants;
- whether the Company will issue the Warrants as global securities and, if so, the identity of the depositary of the global securities;

- whether the Warrants will be listed on any exchange;
- material Canadian federal income tax consequences of purchasing the Warrants;
- material United States federal income tax consequences of purchasing the Warrants; and
- any other material terms or conditions of the Warrants.

The statements made in this Prospectus relating to any Warrants to be issued under this Prospectus, or the warrant indenture or warrant agreement, if applicable, are summaries of certain anticipated provisions thereof and are subject to, and are qualified in their entirety by reference to, all of the provisions of the applicable Warrants and any applicable warrant indenture or warrant agreement. Prospective investors should refer to the terms of specific Warrants being offered, including any applicable warrant indenture or warrant agreement.

The terms and conditions of any Warrants offered under a Prospectus Supplement may differ from the terms described above, and may be subject to or contain any or all of the terms described above.

Units

In addition to issuing Common Shares or Warrants pursuant to this Prospectus, the Company may also issue Units comprised of both Common Shares and Warrants. Each Unit will be issued so that the purchaser of a Unit will have the rights and obligations of a holder of each included security. The unit agreement, if any, pursuant to which Units are issued may provide that the Common Shares and Warrants included in a Unit may not be held or transferred separately, at any time or at any time before a specified date.

The Company will not offer Units pursuant to this Prospectus unless a Prospectus Supplement containing the specific terms of the Units so offered is filed with the securities commissions or similar regulatory authorities in each of the provinces of Canada where the Units will be offered for sale. A Prospectus Supplement in respect of any Units issued under this Prospectus will include the following, where applicable:

- the aggregate number of Units being offered;
- the price at which the Units will be offered;
- the number of Common Shares and Warrants included in each Unit;
- the terms of the Warrants included in the Units;
- any provisions for the issuance, payment, settlement, transfer or exchange of the Units or of the securities comprising the Units;
- whether and under what circumstances the Common Shares and Warrants included in the Units may be held or transferred separately;
- whether the Units will be issued in fully registered or global form;
- material Canadian federal income tax consequences of purchasing the Units;
- material United States federal income tax consequences of purchasing the Units; and
- any other material terms or conditions of the Units.

The statements made in this Prospectus relating to any Units to be issued under this Prospectus, or the applicable unit agreement, are summaries of certain anticipated provisions thereof and are subject to, and are qualified in their entirety by reference to, all of the provisions of the applicable Units and the applicable unit agreement. Prospective investors should refer to the terms of specific Units being offered, including the applicable unit agreement.

The terms and conditions of any Units offered under a Prospectus Supplement may differ from the terms described above, and may be subject to or contain any or all of the terms described above.

Subscription Receipts

This section describes the general terms that will apply to any Subscription Receipts issued pursuant to this Prospectus. Subscription Receipts issued under this Prospectus will generally be exchangeable for Common Shares, Warrants or Units, without payment of any additional consideration, upon the occurrence of certain events or the satisfaction of certain conditions. The Company may issue Subscription Receipts independently or together with other securities, and Subscription Receipts sold with other securities may be attached to or separate from such other securities. Subscription Receipts will generally be issued under a subscription receipt agreement between the Company and a trust company acting as escrow agent.

The Company will not offer Subscription Receipts pursuant to this Prospectus unless a Prospectus Supplement containing the specific terms of the Subscription Receipts so offered is filed with the securities commissions or similar regulatory authorities in each of the provinces of Canada where the Subscription Receipts will be offered for sale.

A Prospectus Supplement in respect of any Subscription Receipts issued under this Prospectus will include the following, where applicable:

- the aggregate number of Subscription Receipts being offered;
- the price at which the Subscription Receipts will be offered;
- the terms, number and class of securities issuable in exchange for the Subscription Receipts;
- the conditions that must be satisfied before the Subscription Receipts are exchanged for Common Shares or other securities of the Company;
- the procedures and mechanics for the exchange of the Subscription Receipts into Common Shares or other securities of the Company;
- material Canadian federal income tax consequences of purchasing the Subscription Receipts;
- material United States federal income tax consequences of purchasing the Subscription Receipts; and
- any other material terms or conditions of the Subscription Receipts.

The statements made in this Prospectus relating to any Subscription Receipts to be issued under this Prospectus, or the applicable subscription receipt agreement, are summaries of certain anticipated provisions thereof and are subject to, and are qualified in their entirety by reference to, all of the provisions of the applicable Subscription Receipts and the applicable subscription receipt agreement. Prospective investors should refer to the terms of specific Subscription Receipts being offered, including the applicable subscription receipt agreement.

The terms and conditions of any Subscription Receipts offered under a Prospectus Supplement may differ from the terms described above, and may be subject to or contain any or all of the terms described above.

Debt Securities

This section describes the general terms that will apply to any Debt Securities issued pursuant to this Prospectus. The Company may issue Debt Securities independently or together with other securities, and Debt Securities sold with other securities may be attached to or separate from such other securities. Debt

Securities will generally be issued under one or more trust indentures between the Company and one or more banks or trust companies acting as trustee.

The Company will not offer Debt Securities pursuant to this Prospectus unless a Prospectus Supplement containing the specific terms of the Debt Securities so offered is filed with the securities commissions or similar regulatory authorities in each of the provinces of Canada where the Debt Securities will be offered for sale. A Prospectus Supplement, in respect of any Debt Securities issued under this Prospectus, will include the following, where applicable:

- the aggregate principal amount of Debt Securities being offered and the offering price;
- the denomination and currency in which the Debt Securities will be offered;
- the date or dates on which the Debt Securities will mature and the portion of the outstanding principal payable upon maturity;
- the rate or rates at which the Debt Securities will bear interest, the date or dates on which such interest will begin to accrue and be payable and the record dates for any such interest;
- the circumstances that will constitute an “event of default” under the Debt Securities and the consequences of an event of default under the Debt Securities;
- the terms and conditions upon which the Company may be required to redeem, repay or repurchase the Debt Securities pursuant to any sinking fund or analogous provisions or otherwise;
- the terms and conditions upon which the Company may be permitted to redeem the Debt Securities, in whole or in part, at its option;
- the terms, if any, upon which the Debt Securities may be converted into or exchanged for Common Shares or other securities of the Company;
- whether the Debt Securities will be senior debt or subordinated to other indebtedness of the Company;
- the terms, if any, upon which the Company may be permitted or restricted from issuing additional securities or incurring additional indebtedness or subject to other material negative covenants;
- whether the Company will issue the Debt Securities as global securities and, if so, the identity of the depository of the global securities;
- whether the Debt Securities will be listed on any exchange;
- material Canadian federal income tax consequences of purchasing the Debt Securities;
- material United States federal income tax consequences of purchasing the Debt Securities; and
- any other material terms or conditions of the Debt Securities.

The statements made in this Prospectus relating to any Debt Securities to be issued under this Prospectus or the applicable trust indenture are summaries of certain anticipated provisions thereof and are subject to, and are qualified in their entirety by reference to, all of the provisions of the applicable Debt Securities and any applicable trust indenture. Prospective investors should refer to the terms of specific Debt Securities being offered, including the applicable trust indenture.

A Prospectus Supplement may also add, update or change information contained in this Prospectus or in documents the Company has incorporated by reference. However, no Prospectus Supplement will offer a security that is not described in this Prospectus.

PRIOR SALES

Prior sales of Common Shares and securities convertible or exchangeable into Common Shares will be provided as required in a Prospectus Supplement with respect to the issuance of securities pursuant to such Prospectus Supplement.

Manning Elliot is independent of the Company within the meaning of the Rules of Professional Conduct of the Institute of Chartered Professional Accountants of British Columbia.

The transfer agent and registrar for the Common Shares is Computershare Investor Services Inc. at its principal office in Vancouver, British Columbia

LEGAL MATTERS

Unless otherwise specified in an applicable Prospectus Supplement, certain legal matters in connection with the Securities offered hereby will be passed upon on behalf of the Company by DuMoulin Black LLP.

INTEREST OF EXPERTS

Certain legal matters in connection with the issuance of the Securities offered hereby will be passed upon on behalf of the Company by DuMoulin Black LLP. As of the date hereof, the partners and associates of DuMoulin Black LLP, as a group, beneficially own, directly and indirectly, less than one percent of the outstanding Common Shares.

Manning Elliot, the auditor of the Annual Financial Statements incorporated by reference in this Prospectus, has advised the Company that it is independent of the Company in accordance with the Code of Professional Conduct of the Chartered Professional Accountants of British Columbia. As at the date of this Prospectus, the partners and associates of Manning Elliot do not own any of the outstanding Common Shares of the Company.

To the Company's knowledge, none of the persons identified above received or will receive a direct or indirect interest in the property of the Company or of any associate or affiliate of the Company.

PROMOTERS

Timothy Ko, the President, Chief Executive Officer and a director of Entheon is also a promoter of Entheon. Mr. Ko has ownership and control of 1,300,001 Common Shares, and 575,000 Options representing 2.20% of the issued and outstanding Common Shares and 15.82% of the issued and outstanding Options, respectively in each case as of the date of this Prospectus. Mr. Ko does not beneficially own, directly or indirectly, or exercise control over, any voting or equity securities in any subsidiaries of Entheon. No asset was acquired within the two years before the date of the Prospectus or thereafter, or is to be acquired, by Entheon or by a subsidiary of Entheon from Mr. Ko.

EXEMPTIONS

Pursuant to a decision of the Autorité des marchés financiers ("**AMF**") dated July 28, 2021, the Company was granted exemptive relief from the requirement that this Prospectus as well as the documents incorporated by reference herein and any applicable Prospectus Supplement and the documents incorporated by reference therein to be filed in relation to an "at-the-market distribution" be filed with the AMF in the French language. This exemptive relief is granted on the condition that this Prospectus, any applicable Prospectus Supplement (other than in relation to an "at-the-market distribution") and the documents incorporated by reference herein and therein be filed with the AMF in the French language if the Company offers securities to Quebec purchasers in connection with an offering other than in relation to an "at-the-market distribution."

STATUTORY RIGHTS OF WITHDRAWAL AND RESCISSION

Unless provided otherwise in a Prospectus Supplement, the following is a description of a purchaser's statutory rights. Securities legislation in certain of the provinces and territories of Canada provides purchasers with the right to withdraw from an agreement to purchase securities. This right may only be

exercised within two business days after receipt or deemed receipt of a prospectus, the accompanying prospectus supplement relating to securities purchased by a purchaser and any amendment thereto.

Original purchasers of Units, Warrants (if offered separately), Debt Securities and Subscription Receipts, other than original purchasers who acquire Units, Warrants, Subscription Receipts or Debt Securities in the United States, will have a contractual right of rescission against the Company in respect of the conversion, exchange or exercise of such Unit, Warrant, Debt Security and Subscription Receipt, as the case may be. The contractual right of rescission will entitle such original purchasers to receive, in addition to the amount paid on original purchase of the Unit, Warrant, Subscription Receipt or Debt Security, as the case may be, the amount paid upon conversion, exchange or exercise upon surrender of the underlying securities gained thereby, in the event that this Prospectus (as supplemented or amended) contains a misrepresentation, provided that: (i) the conversion, exchange or exercise takes place within 180 days of the date of the purchase of the convertible, exchangeable or exercisable security under this Prospectus; and (ii) the right of rescission is exercised within 180 days of the date of purchase of the convertible, exchangeable or exercisable security under this Prospectus. This contractual right of rescission will be consistent with the statutory right of rescission described under section 130 of the *Securities Act* (Ontario), and is in addition to any other right or remedy available to original purchasers under section 130 of the *Securities Act* (Ontario) or otherwise at law.

In several of the provinces and territories, the securities legislation further provides a purchaser with remedies for rescission, revisions of the price or damages if the prospectus, the accompanying prospectus supplement relating to securities purchased by a purchaser and any amendment thereto contains a misrepresentation or is not delivered to the purchaser, provided that the remedies for rescission, revision of the price or damages are exercised by the purchaser within the time limit prescribed by the securities legislation of the purchaser's province or territory. The purchaser should refer to any applicable provisions of the securities legislation of the purchaser's province or territory for the particulars of these rights or consult with a legal adviser.

In an offering of Warrants, Subscription Receipts or Debt Securities (or Units comprised partly thereof), investors are cautioned that the statutory right of action for damages for a misrepresentation contained in the Prospectus is limited, in certain provincial and territorial securities legislation, to the price at which Warrants, Subscription Receipts or Debt Securities (or Units comprised partly thereof) are offered to the public under the prospectus offering. This means that, under the securities legislation of certain provinces and territories, if the purchaser pays additional amounts upon the conversion, exchange or exercise of the security, those amounts may not be recoverable under the statutory right of action for damages that applies in those provinces and territories. The purchaser should refer to any applicable provisions of the securities legislation of the purchaser's province or territory for the particulars of this right of action for damages or consult with a legal advisor.
