Date: [October 6, 2021 \(for the month of September 2021\)](#)

This Monthly Progress Report must be posted before the opening of trading on the fifth trading day of each month. This report is not intended to replace the Issuer's obligation to separately report material information forthwith upon the information becoming known to management or to post the forms required by Exchange Policies. If material information became known and was reported during the preceding month to which this report relates, this report should refer to the material information, the news release date and the posting date on the Exchange website.

This report is intended to keep investors and the market informed of the Issuer's ongoing business and management activities that occurred during the preceding month. Do not discuss goals or future plans unless they have crystallized to the point that they are "material information" as defined in the Policies. The discussion in this report must be factual, balanced and non-promotional.

General Instructions

- (a) Prepare this Monthly Progress Report using the format set out below. The sequence of questions must not be altered nor should questions be omitted or left unanswered. The answers to the items must be in narrative form. State when the answer to any item is negative or not applicable to the Issuer. The title to each item must precede the answer.
- (b) The term "Issuer" includes the Issuer and any of its subsidiaries.
- (c) Terms used and not defined in this form are defined or interpreted in Policy 1 – Interpretation and General Provisions.

Report on Business

1. Provide a general overview and discussion of the development of the Issuer's business and operations over the previous month. Where the Issuer was inactive disclose this fact.

The Issuer is a clean technology company that is capitalizing environmental stewardship and sustainably supplying the world's increasing demand for precious, critical and strategic metals by profitably reclaiming unrecovered value from mine tailings and resource development waste streams. The Issuer leverages proprietary technology, superior operationalized knowledge and an agile, efficient culture to recover valuable metals, recharge critical natural resources and accelerate the world's transition to a sustainable circular resource economy.

2. Provide a general overview and discussion of the activities of management.

During the month ended **September 2021**, the Issuer's principal activities consisted of:

- announcing the results of metallurgical test work undertaken at the Issuer's Australian Tailings Project;
- announcing the execution of binding commercial agreements to add the Buchans River Delta Reclamation Project (the "**Buchans Project**") to its portfolio of Environmental Remediation and Asset Reclamation Projects;
- announcing that it has commenced an application for cross listing on the OTCQB;
- providing an update on year-to-date operational highlights;
- providing an update to advise that the previously announced transaction to acquire equipment and intellectual property assets owned by Hydrus Technology Holdings Pty Ltd would not proceed following a comprehensive due diligence review; and
- general management and administrative matters.

3. Describe and provide details of any new products or services developed or offered. For resource companies, provide details of new drilling, exploration or production programs and acquisitions of any new properties and attach any mineral or oil and gas or other reports required under Ontario securities law.

On September 7, 2021, the Issuer provided results of metallurgical test work undertaken at the Australian Tailings Project.

Highlights included:

- The Issuers Australian Tailings Project involved metallurgical test work carried out by Core Resources Pty Ltd. on well-studied tailings produced from VMS ore with an especially challenging metallurgical matrix that has resulted in substantial quantities of gold and silver being discharged into the tailings storage facility

• Preliminary metallurgical tests carried out in the laboratory at bench scale using the identified extraction 'pathway' show gold and silver recoveries as high as 59% and 90%, respectively

• The preferred 'pathway' has now been selected as a base case extraction method and work is proceeding on the preliminary design of a pilot plant test program

On September 20, 2021, the Issuer announced the execution of binding commercial agreements to add the Buchans Project to its portfolio of Environmental Remediation and Asset Reclamation Projects. The Buchans Project includes approximately 1,225 hectares (3,025 acres) of mining claims located in the Canadian Province of Newfoundland and Labrador.

17. Discuss any trends which are likely to impact the Issuer including trends in the Issuer's market(s) or political/regulatory trends.

[The trends and risks which are likely to impact the Issuer are detailed in the Issuer's Management Discussion and Analysis for the period ended June 30, 2021 dated as of August 30, 2021 \(the "MD&A"\) under the headings "Financial Instruments", "Risks" and "Risks and Uncertainties". The MD&A is available on the Issuer's SEDAR profile at \[www.sedar.com\]\(http://www.sedar.com\) and on the Issuer's disclosure hall with the CSE at \[www.thecse.com\]\(http://www.thecse.com\).](#)

Additional trends that are likely to impact the Issuer include:

The outbreak of the coronavirus (“COVID-19”) pandemic has impacted the Issuer’s plans and activities. The Issuer may face disruption to operations, supply chain delays, travel and trade restrictions and an impact on economic activity in affected countries or regions can be expected and can be difficult to quantify. Such pandemics or diseases represent a serious threat to maintaining a skilled workforce and could be a major health-care challenge for the Issuer. There can be no assurance that the Issuer’s personnel will not be impacted by these pandemic diseases and ultimately that the Issuer would see its workforce productivity reduced or incur increased medical costs/insurance premiums as a result of these health risks. In addition, the COVID-19 pandemic has created a dramatic slowdown in the global economy. The duration of the COVID-19 outbreak and the resultant travel restrictions, social distancing, Government response actions, business closures and business disruptions, can all have an impact on the Issuer’s operations and access to capital. There can be no assurance that the Issuer will not be impacted by adverse consequences that may be brought about by the COVID-19 pandemic on global financial markets may reduce resource prices, share prices and financial liquidity and thereby that may severely limit the financing capital available.

Certificate of Compliance

The undersigned hereby certifies that:

1. The undersigned is a director and/or senior officer of the Issuer and has been duly authorized by a resolution of the board of directors of the Issuer to sign this Certificate of Compliance.
2. As of the date hereof there is no material information concerning the Issuer which has not been publicly disclosed.
3. The undersigned hereby certifies to the Exchange that the Issuer is in compliance with the requirements of applicable securities legislation (as such term is defined in National Instrument 14-101) and all Exchange Requirements (as defined in CNSX Policy 1).
4. All of the information in this Form 7 Monthly Progress Report is true.
