

Xigem Technologies Announces DTC Eligibility Allowing for Electronic Settlement of Trades in the United States

TORONTO, September 8, 2021 – Xigem Technologies Corporation (“Xigem” or the “Company”) (CSE:XIGM; OTCQB:XIGMF; FSE:2C1), a technology provider for the emerging remote economy, is pleased to announce that its common shares are now eligible for electronic clearing and settlement in the United States through the Depository Trust Company (“DTC”).

DTC eligibility is expected to simplify the process of trading and enhance liquidity of Xigem’s common shares in the United States. The Company’s shares recently began trading on the OTCQB® Venture Market (“OTCQB”) under the ticker symbol XIGMF.

DTC is a subsidiary of the Depository Trust & Clearing Corporation, a U.S. company that manages the electronic clearing and settlement of publicly traded companies. Securities that are eligible to be electronically cleared and settled through DTC are considered to be "DTC eligible". This electronic method of clearing securities speeds up the receipt of stock and cash, and thus accelerates the settlement process for investors and brokers, enabling the stock to be traded over a much wider selection of brokerage firms by coming into compliance with their requirements.

The Company’s common shares trade on the Canadian Securities Exchange under the symbol “XIGM”, on the OTCQB under the symbol XIGMF, and through the Deutsche Börse Group under the symbol “2C1”.
