MONTHLY PROGRESS REPORT

Name of Listed Issuer: Global Cannabis Applications Corp. (the "Issuer" or "GCAC")

Trading Symbol: APP

Number of Outstanding Listed Securities: 179,145,424

Date: September 7, 2021

This Monthly Progress Report must be posted before the opening of trading on the fifth trading day of each month. This report is not intended to replace the Issuer's obligation to separately report material information forthwith upon the information becoming known to management or to post the forms required by Exchange Policies. If material information became known and was reported during the preceding month to which this report relates, this report should refer to the material information, the news release date and the posting date on the Exchange website.

This report is intended to keep investors and the market informed of the Issuer's ongoing business and management activities that occurred during the preceding month. Do not discuss goals or future plans unless they have crystallized to the point that they are "material information" as defined in the Policies. The discussion in this report must be factual, balanced and non-promotional.

The answers to the items must be in narrative form. State when the answer to any item is negative or not applicable to the Issuer. The title to each item must precede the answer.
- (b) The term "Issuer" includes the Issuer and any of its subsidiaries.
- (c) Terms used and not defined in this form are defined or interpreted in Policy 1 – Interpretation and General Provisions.

Report on Business

1. Provide a general overview and discussion of the development of the Issuer's business and operations over the previous month. Where the Issuer was inactive disclose this fact.

The Issuer is a global leader in designing, developing, SaaS licensing and acquiring innovative data technologies for the medical cannabis industry. Its Citizen Green and Efixii platforms are the world's first end-to-end - from patient to regulator - medical cannabis data solutions. They use six core technologies: mobile applications, artificial intelligence, RegTech, smart databases, Ethereum blockchain and GCAC smart rewards. These technologies transparently disclose cannabis chain-of-custody events, thereby enabling patients to provide crowd-sourced medical cannabis efficacy data. Driven by digital and cannabis industry experts, the Issuer is focused on generating revenue from SaaS licensing its technology and acquiring high quality cannabis datasets that improve patient outcomes and to become the world's largest cannabis efficacy data provider.

During the month of August 2021, the Issuer actively continued general and corporate operations.

Global Outbreak of COVID-19 Disclosure: The actual and threatened spread of the virus globally has had a material adverse effect on the regional economies in which the Issuer operates and could continue to result in negative impacts on the stock market, including trading prices of the Issuer's shares and the ability to raise capital, and could impact the Issuer's operations.

2. Provide a general overview and discussion of the activities of management.

During the month of August 2021, management continued to support and control the Issuer's business activities and develop the Issuer's business with a focus on creating broader awareness of the Issuer and continued development of product line.

On August 12, 2021, the Issuer announced by way of news release that it has accepted an invitation from the Canadian Chamber of Commerce to join the National Cannabis Working Group ("NCWG") and the International Cannabis Council ("ICC").

The NCWG, launched in June 2019, consists of Canadian Chamber of Commerce members, including licensed cannabis cultivators, processors, retailers, and industry associations. With 70 members of Canada's leading publicly traded cannabis companies involved in all aspects of the supply chain such as production, processing, and retail, the NCWG advocates for public cannabis policies that foster a strong, competitive economic environment. As part of its membership the Issuer will participate in activities such as consultations for Health Canada.

The ICC, a dedicated entity of the NCWG, focuses on leveraging the Canadian Chamber's work and bilateral cooperation with like-minded trade organizations worldwide. The Issuer's participation in the council provides it access to the Business at Organization for Economic Co-operation and Development ("OECD") ("BIAC")^[1]. The OECD is an intergovernmental economic organization with 38 member countries.

The Issuer's CEO, Brad Moore, will take seats on both the NCWG and the ICC. Moore has long been a proponent for the expanded use of medical cannabis based on a data driven model, as described in the Issuer's patent pending Pain to Strain model and encapsulated in its Efixii blockchain software solution. As part of their go-to market strategy in Canada, the Issuer recently announced 'GCAC Funding Cannabis Cultivators That License Efixii'^[2] and 'GCAC Announces Medical Cannabis Sales License and Shop Update'^[3].

On August 17, 2021, the Issuer announced by way of news release that it will Airdrop a unique non-fungible token ("NFT")^[1] to everyone holding GCAC tokens on the record date of August 31, 2021, at 9:00am (EST).

NFTs are currently taking the blockchain world by storm with sales of over \$3.8 billion^[2]. The most popular NFT digital media types are images, ranging from amazing photographs to artificial intelligence-generated art. The Issuer's upcoming NFT media giveaway, the "Airdrop", will feature a unique artwork, per token holder, encompassing the worlds of cannabis and blockchain truths. This Airdrop will be a one of a kind, and exclusive to GCAC token holders.

The GCAC marketing token was launched by Company on Ethereum on April 20^[3] and has already gathered over 300 holders^[5]. The token entitles the holder to a pro rata share in the quarterly revenues of the Company and has been a great talking point amongst the ever-growing Issuer community on Telegram^[6]. GCAC tokens can still be purchased by anyone with an Ethereum or Binance Smart Chain blockchain wallet on either Uniswap or Pancakeswap, resp.

On the record date, each GCAC token holder will automatically be assigned their unique NFT artwork on the Efixii blockchain and will immediately be able to export it to any public NFT marketplace^[4] should they wish to sell their NFT to others. The artwork is transferred to GCAC holders with full commercial copyright and without any future-sale royalty payments back to the creator. It really is gifted, in full, to the loyal Issuer community of token holders.
