

FORM 7

MONTHLY PROGRESS REPORT

Name of Listed Issuer: Global Cannabis Applications Corp. (the "Issuer" or "GCAC")

Trading Symbol: APP

Number of Outstanding Listed Securities: 180,152,483 (as at November 30, 2021)

Date: December 6, 2021

This Monthly Progress Report must be posted before the opening of trading on the fifth trading day of each month. This report is not intended to replace the Issuer's obligation to separately report material information forthwith upon the information becoming known to management or to post the forms required by Exchange Policies. If material information became known and was reported during the preceding month to which this report relates, this report should refer to the material information, the news release date and the posting date on the Exchange website.

This report is intended to keep investors and the market informed of the Issuer's ongoing business and management activities that occurred during the preceding month. Do not discuss goals or future plans unless they have crystallized to the point that they are "material information" as defined in the Policies. The discussion in this report must be factual, balanced and non-promotional.

General Instructions

- (a) Prepare this Monthly Progress Report using the format set out below. The sequence of questions must not be altered nor should questions be omitted or left unanswered. The answers to the items must be in narrative form. State when the answer to any item is negative or not applicable to the Issuer. The title to each item must precede the answer.
- (b) The term "Issuer" includes the Issuer and any of its subsidiaries.
- (c) Terms used and not defined in this form are defined or interpreted in Policy 1 – Interpretation and General Provisions.

Report on Business

- 1. Provide a general overview and discussion of the development of the Issuer's business and operations over the previous month. Where the Issuer was inactive disclose this fact.**

The Issuer is a global leader in designing, developing, SaaS licensing and acquiring innovative data technologies for the medical cannabis industry. Its Citizen Green and Efixii platforms are the world's first end-to-end - from patient to regulator - medical cannabis data solutions. They use six core technologies: mobile applications, artificial intelligence, RegTech, smart databases, Ethereum blockchain and GCAC smart rewards. These technologies transparently disclose cannabis chain-of-custody events, thereby enabling patients to provide crowd-sourced medical cannabis efficacy data. Driven by digital and cannabis industry experts, the Issuer is focused on generating revenue from SaaS licensing its technology and acquiring high quality cannabis datasets that improve patient outcomes and to become the world's largest cannabis efficacy data provider.

During the month of November 2021, the Issuer actively continued general and corporate operations.

Global Outbreak of COVID-19 Disclosure: The actual and threatened spread of the virus globally has had a material adverse effect on the regional economies in which the Issuer operates and could continue to result in negative impacts on the stock market, including trading prices of the Issuer's shares and the ability to raise capital, and could impact the Issuer's operations.

2. Provide a general overview and discussion of the activities of management.

During the month of November 2021, management continued to support and control the Issuer's business activities and develop the Issuer's business.

In addition, management of the Issuer worked diligently to prepare and file its financial statements and management's discussion and analysis for the three-months ended September 30, 2021 (the "**Financial Report**")

On November 10, 2021, the Issuer announced by way of news release that its announced CEO Brad Moore will present Citizen Green's Efixii technology at the CannabiSalud "Business Investment Summit"[1] in Cancun, Mexico, November 18-20, 2021.

The CannabiSalud summit focuses on the commercial and investment opportunities emerging from Mexico's industrial, medical, and recreational cannabis industry. Topics will include medical, recreational, and industrial market opportunities; legal and regulatory updates; investment and networking opportunities. The conference's objective is to share truthful and legitimate information on the laws and business opportunities in the international cannabis industry, focusing on Mexico; while creating and expanding a network of contacts that includes the most extraordinary personalities in the industry. Mexico is one of the world's newest and largest legalized medical and recreational cannabis market.

CEO Brad Moore will present Citizen Green Efixii blockchain-based solutions for the medical cannabis industry. He will discuss how Efixii, an unalterable open ledger that records the plant life cycle, increases security, improves product safety, and enhances consumer outcomes in the medical cannabis ecosystem. Blockchain transparency ensures all data is accessible to anyone.

Moore will demonstrate how the SaaS mobile application uses robust Know Your Customer (KYC) identity verification to prevent fraud in compliance with all local regulations. He will also explain how each step in the plant lifecycle is attested and verified with a date, time, and location stamped photo and entered on the ledger.

Product efficacy can be determined using the unique SeedtoSeed™ real-time feedback loop that layers and analyses thousands of individual consumer experiences on a 'one gram grown, one gram consumed' basis. Consumers scan an Efixii QR code to view the entire product story. Most importantly, they can review other consumer experiences and make better choices.

Mexico is one of the world's newest and largest legalized medical and recreational cannabis market. Efixii is licensed to cultivators in a SaaS model and is a free-to-use app for cannabis consumers. All cannabis sold through the Portal generates a new sales-commission revenue stream for GCAC. Efixii's cannabis data is the intellectual property ("IP") of GCAC. This IP creates an inherent difficulty in replicating or competing with GCAC's cannabis datasets. GCAC defined their protocols in a provisional U.S. patent application, 'System of Process and Tracking Cannabis Products and Associated Method Using Blockchain' filed with the USPTO on Dec. 17, 2020.

On November 16, 2021, the Issuer announced by way of news release it has been approved to be upgraded to the OTCQB market. This up-listing makes the Issuer's common shares available to a larger group of U.S. investors and provides for enhanced trading liquidity.

The announcement will be posted to the Issuer's News Tab on Monday, November 21, 2021, following the Issuer's first day of trading on OTCQB. As per ongoing compliance requirements and in accordance with OTCQB listing standards, GCAC will file periodic reports, disclosure, and the annual OTCQB certification. The upgraded listing has important benefits for corporate investors and individual shareholders. The upgrade includes Real-Time Level 2 Quote Display on our websites and weekly OTC Market Reports summarizing the Issuer's security activity.

Brad Moore, the Issuer's CEO, says, "GCAC is a story worth telling to both Canadian and American investors. As we move aggressively into the U.S. cannabis markets, we are pleased to have a more efficient way to tell our awesome story to a much broader base inside the U.S. capital markets."

Efixii

Additionally, the Issuer's Efixii blockchain-powered mobile application received enthusiastic reviews at October's MJBizCon in Las Vegas. Specifically, the Issuer executed a Letter of Intent with EMTRI, representing over 20,000 cultivators in Northern California whereby the Issuer will provide software development and implementation services to customize Efixii technology for a one-time fee of US\$500,000, plus a perpetual revenue share of EMTRI's QR-code sales to cultivators.^[1]

Mr. Moore is a headline speaker presenting the Efixii SaaS technology at the CannabiSalud "Business Investment Summit" in Cancun, Mexico, November 18-20, 2021.^[2] Mexico is one of the world's newest and largest legal cannabis markets.

Efixii is licensed to cultivators in a SaaS model and is a free-to-use app for cannabis consumers. All cannabis sold through the Efixii portal generates a new sales-commission revenue stream for GCAC. Efixii's cannabis data is the intellectual property ("IP") of GCAC. This IP creates an inherent difficulty in replicating or competing with GCAC's cannabis datasets. GCAC defined their protocols in a provisional U.S. patent application, 'System of Process and Tracking Cannabis Products and Associated Method Using Blockchain' filed with the USPTO on Dec. 17, 2020.

Prescriptii Patient Experience

GCAC recently broadened its innovative technology suite with the launch of its web-based [Prescriptii Patient Experience \(PPE\)](#). The free-to-use website empowers each cannabis consumer with data to help make better choices for their personal medical needs, and improve consumer knowledge and confidence.^[3]
