

FEEL FOODS ANNOUNCES APPLICATION FOR DTC ELIGIBILITY AND UNITED STATES SYMBOL CHANGE TO “FLLLF”

Vancouver, B.C. – August 12th, 2021– Feel Foods Ltd. (the "Company" or "FEEL") (CSE:FEEL) (OTC:FLLLF) is please to announce that at the commencement of trading today August 12th, 2021 the company will begin trading under its new symbol FLLLF in the United States. Furthermore, the company has applied for full DTC eligibility through the Depository Trust Company (“DTC”). DTC eligibility will enable an accelerated settlement process and Feel’s shares to be economically transferred between brokerage accounts electronically within the United States.

Feel also announces it has entered into an engagement agreement with Volume Hunters of Vancouver, B.C., Canada, to provide social media and capital markets advisory services to the Company. Volume Hunters will initiate and increase awareness of the Company and its growing agri-food business.

Volume Hunters: <https://volumehunters.com>

A key part of this mandate will focus on increasing visibility and building relationships with investors.

About Feel Foods Ltd.

FEEL is an agri-food holdings company focused on innovative products and technologies in the food services industry including its wholly owned BE Good plant based foods line up of plant-based chicken, pork and beef products as well as is currently investing in the research and development of keto-friendly plant-based candy products.

The Canadian Securities Exchange accepts no responsibility for the adequacy or accuracy of this release.

Certain statements contained in this press release constitute “forward-looking information” as such term is defined in applicable Canadian securities legislation. The words “may”, “would”, “could”, “should”, “potential”, “will”, “seek”, “intend”, “plan”, “anticipate”, “believe”, “estimate”, “expect” and similar expressions as they relate to the Company, are intended to identify forward-looking information. All statements other than statements of historical fact may be forward-looking information. Such statements reflect the Company’s current views and intentions with respect to future events, and current information available to them, and are subject to certain risks, uncertainties and assumptions, including, without limitation: the potential of the Company’s mineral properties; the estimation of capital requirements; the estimation of operating costs; the timing and amount of future business expenditures; and the availability of necessary financing. Many factors could cause the actual results, performance or achievements that may be expressed or implied by such forward-looking information to vary from those described herein should one or more of these risks or uncertainties materialize. Such factors include but are not limited to: changes in economic conditions or financial markets; increases in costs; litigation; legislative, environmental and other judicial, regulatory, political and competitive developments; and exploration or operational difficulties. This list is not exhaustive of the factors that may affect forward-looking information. These and other factors should be considered carefully, and readers should not place undue reliance on such forward-looking information. Should any factor affect the Company in an unexpected manner, or should assumptions underlying the forward-looking information prove incorrect, the actual results or events may differ materially from the results or events predicted. Any such forward-looking information is expressly qualified in its entirety by this cautionary statement. Moreover, the Company does not assume responsibility for the accuracy or completeness of such forward-looking information. The forward-looking information included in this press release is made as of the date of this press release and the Company undertakes no obligation to publicly update or revise any forward-looking information, other than as required by applicable law.
