Commenting on the upcoming conference, Mrs. Walker says, “Psychedelic medicine is the key to healing humanity’s US\$16 trillion mental health epidemic. It is impressive to see how much has been done in such a short time however with Covid-19, not only have we seen mental health issues exacerbated but it has been challenging to collaborate with our peers, meet with investors and engage with thought leaders. Wonderland: Miami is our first opportunity to do this and we hope you will join us.”
