

## Canadian Nexus Team Ventures Corp. closes Private Placement

**Vancouver, British Columbia– July 22, 2022 – Canadian Nexus Team Ventures Corp., (“Canadian Nexus”, “the Company” or “TEAM”) (CSE: TEAM)** has issued 6,407,000 million units in a non-brokered private placement at a price of five cents per unit for gross proceeds of \$ 320,350. There were no finders' fees payable on this private placement.

The private placement is subject to the approval of the Canadian Securities Exchange and the securities will be subject to a four-month hold period under securities laws. The Company intends to use the net proceeds from the private placement for working capital purposes.

Each unit consists of one common share in the capital of the Company and one common share purchase warrant, each warrant entitling the holder to purchase one additional common share of the Company, at an exercise price of 10 cents per share, for a period of five years from the date of issuance.

Total proceeds from insider participation in the private placement are \$200,000. Insider participation in the private placement is a related party transaction within the meaning of Multilateral Instrument 61-101. The Company has determined that the transaction is exempt from formal valuation and minority shareholder approval requirements of MI 61-101 because neither the fair market value of any shares issued to or the consideration paid by insiders exceeded 25 per cent of the Company's market capitalization.

The Company did not file a material change report more than 21 days before the expected closing of the private placement as the details of the private placement and the participation therein by related parties of the Company were not settled until shortly prior to closing and the Company wished to close on an expedited basis for sound business reasons and in a time frame consistent with usual market practices for transactions of this nature.
