Toronto, Canada, January 4, 2022 – PUDO Inc. (“PUDO” or the “Company”) (CSE: PDO; OTCQB: PDPTF). The Company today announced its financial results for Q3 fiscal 2023 ended November 30, 2022 (“Q3 FY 2023”).

In the third quarter, PUDO achieved another revenue milestone of \$1,023,889, up 86.5%, year over year. Gross Profit during the same three-month period increased by 158.3% and Net Loss improved by 87% over the same period last year.

PUDO’s transformation into a Direct Returns Provider for e-commerce retailers continued with continued enhancements to the service and to the technology used to manage the service. Processing Returns remained the primary source of parcel volume, revenue, and profit.

Further, the posted results show progress toward the following fiscal goals:

Item	FY 2023 YTD	Fiscal Target FY 2023	% of Goal Achieved
Operating Revenue	\$2.9m	\$4.2m	69.0%
Total # of PUDOpoint Counters	1,234	2,000	61.7%

“In the third quarter PUDO continued to focus on the Returns portion of our business,” said Frank Coccia, PUDO’s Founder and CEO. “With the continued growth of online shopping the returns portion of an e-comm retailer’s business is costly and so they are recognizing the benefits of utilizing the PUDOpoint Network to reduce costs”.

About PUDO Inc.

PUDO Inc. is North America's only carrier-neutral parcel pick-up and drop-off counter Network, conceived to resolve the last-mile parcel-traffic-control gridlock that challenges North America's over \$800B retail e-commerce sector, and eliminate over \$6B in door-dropped parcel theft.

PUDO's team of logistics and parcel traffic management experts have created a plug-and-play, pay-as-you-go platform and Network of parcel pick-up and drop-off storefront counters known as PUDOpoint Counters, strategically located very near to where people live, work and play.

The PUDO model reduces or eliminates crippling last-mile related expenses for online retailers, marketplaces and carrier/delivery partners, with fulfillment and distribution solutions that include parcel storage and consolidation for click-and-collect deliveries, online returns, and the nearly 35% of e-commerce parcels that are undeliverable on first attempt.

Membership in the PUDOpoint Counters Network program offers consumers 'parcel receipt certainty', early/late/weekend pick-up, return convenience, 100% elimination of door-drop parcel theft, and a mobile home-away-from-home address Network that goes wherever they do.

The PUDOpoint Counters Network provides all carriers, retailers, and consumers with badly needed cost controls, choice, and convenience.
