

FORM 7

MONTHLY PROGRESS REPORT

Name of Listed Issuer: Exploits Discovery Corp. (the "Issuer").

Trading Symbol: NFLD

Number of Outstanding Listed Securities: 134,715,035

Date: February 6, 2023 (for the month ended January 31, 2023)

This Monthly Progress Report must be posted before the opening of trading on the fifth trading day of each month. This report is not intended to replace the Issuer's obligation to separately report material information forthwith upon the information becoming known to management or to post the forms required by Exchange Policies. If material information became known and was reported during the preceding month to which this report relates, this report should refer to the material information, the news release date and the posting date on the Exchange website.

This report is intended to keep investors and the market informed of the Issuer's ongoing business and management activities that occurred during the preceding month. Do not discuss goals or future plans unless they have crystallized to the point that they are "material information" as defined in the Policies. The discussion in this report must be factual, balanced and non-promotional.

General Instructions

- (a) Prepare this Monthly Progress Report using the format set out below. The sequence of questions must not be altered nor should questions be omitted or left unanswered. The answers to the items must be in narrative form. State when the answer to any item is negative or not applicable to the Issuer. The title to each item must precede the answer.
- (b) The term "Issuer" includes the Issuer and any of its subsidiaries.
- (c) Terms used and not defined in this form are defined or interpreted in Policy 1 – Interpretation and General Provisions.

Report on Business

1. Provide a general overview and discussion of the development of the Issuer's business and operations over the previous month. Where the Issuer was inactive disclose this fact.

On January 11, 2023, the Issuer announced significant results from its extensive 2022 Dog Bay Central Soil sampling program receiving 8,089 samples covering 14 kilometres of strike length, approximately 30 kilometres north of its Bullseye property. The soil program identified new prospective mineralized areas and expanded the issuers existing gold targets.

On January 18, 2023, the Issuer released the results and interpretation from the

company's detailed ground based geophysical survey conducted on the issuers highly prospective Bullseye gold property. The data corroborated the location of the Appleton fault corridor which transects the property over a strike length of approximately 1.2 kilometres.

On January 25, 2023, the Issuer announced diamond drilling results at the Titan Gold target. The program confirmed the presence of the gold mineralization system and traced the system to a vertical depth of 150 metres distributed over a strike length of approximately 300 metres along the main drilling trend.
