Name of CNSX Issuer: **Argo Living Soils Corp.** (the "Issuer").

Trading Symbol: **ARGO**

Number of Outstanding Listed Securities: **22,158,001**

Date: **January 3, 2024**

This Monthly Progress Report must be posted before the opening of trading on the fifth trading day of each month. This report is not intended to replace the Issuer's obligation to separately report material information forthwith upon the information becoming known to management or to post the forms required by the CNSX Policies. If material information became known and was reported during the preceding month to which this report relates, this report should refer to the material information, the news release date and the posting date on the CNSX.ca website.

This report is intended to keep investors and the market informed of the Issuer's ongoing business and management activities that occurred during the preceding month. Do not discuss goals or future plans unless they have crystallized to the point that they are "material information" as defined in the CNSX Policies. The discussion in this report must be factual, balanced and non-promotional.

General Instructions

- (a) Prepare this Monthly Progress Report using the format set out below. The sequence of questions must not be altered nor should questions be omitted or left unanswered. The answers to the items must be in narrative form. State when the answer to any item is negative or not applicable to the Issuer. The title to each item must precede the answer.
- (b) The term "Issuer" includes the Issuer and any of its subsidiaries.
- (c) Terms used and not defined in this form are defined or interpreted in Policy 1 – Interpretation and General Provisions.

Report on Business

1. Provide a general overview and discussion of the development of the Issuer's business and operations over the previous month. Where the Issuer was inactive disclose this fact.

The Issuer specializes in producing and developing organic products, including soil amendments, living soils, biofertilizers, vermicompost and worm casting extracts formulated specifically for high-value crops. The Issuer's vision and overall business plan is to create an established brand of organic and/or environmentally friendly products. The Issuer was founded in 2018, and its production facility first located on Galiano Island has been

expanded and moved to Duncan, British Columbia in a joint venture with Pacific Composting Co.

2. Provide a general overview and discussion of the activities of management.

During the month of December, the management's main focus was on the Issuer's general day-to-day operations.

In December the Issuer signed a Memorandum of Understanding with an intent to establish a joint venture with Graphene Leaders Canada (GLC) that will result in the Issuer and GLC bring their proprietary technologies together in the pursuit of commercially viable graphene-based products. The primary objective of the proposed joint venture is to conduct research and development to enhance product lines by reducing the cost of graphene production by using Argo's CHAR+ BioChar.

3. Describe and provide details of any new products or services developed or offered. For resource companies, provide details of new drilling, exploration or production programs and acquisitions of any new properties and attach any mineral or oil and gas or other reports required under Ontario securities law.

Not applicable for the month of December.

4. Describe and provide details of any products or services that were discontinued. For resource companies, provide details of any drilling, exploration or production programs that have been amended or abandoned.

Not applicable for the month of December.

5. Describe any new business relationships entered into between the Issuer, the Issuer's affiliates or third parties including contracts to supply products or services, joint venture agreements and licensing agreements etc. State whether the relationship is with a Related Person of the Issuer and provide details of the relationship.

In December the Issuer signed a Memorandum of Understanding with an intent to establish a joint venture with Graphene Leaders Canada (GLC). GLC is a private Canadian technology company producing high quality, high purity, large flake, graphene nano-materials with the ability to add value across numerous applications. GLC works with industry leaders developing solutions integrating graphene into new, innovative and first-to-market solutions, thereby offering a competitive advantage.

Biochar is rapidly emerging as a versatile solution with significant potential across a spectrum of industries. The applications for biochar now extend beyond agriculture, making substantial advancements in a number of

diverse sectors. Biochar presents potential for cost reduction in the production of graphene, a critical material in electric vehicle batteries.

6. Describe the expiry or termination of any contracts or agreements between the Issuer, the Issuer's affiliates or third parties or cancellation of any financing arrangements that have been previously announced.

Not applicable for the month of December.

7. Describe any acquisitions by the Issuer or dispositions of the Issuer's assets that occurred during the preceding month. Provide details of the nature of the assets acquired or disposed of and provide details of the consideration paid or payable together with a schedule of payments if applicable, and of any valuation. State how the consideration was determined and whether the acquisition was from or the disposition was to a Related Person of the Issuer and provide details of the relationship.

Not applicable for the month of December.

8. Describe the acquisition of new customers or loss of customers.

Not applicable for the month of December.

9. Describe any new developments or effects on intangible products such as brand names, circulation lists, copyrights, franchises, licenses, patents, software, subscription lists and trade-marks.

Not applicable for the month of December.
