## **Sranan Gold announces listing on Frankfurt Stock Exchange**

VANCOUVER, CANADA – Sranan Gold Corp. (CSE: SRAN) (FSE: P84) (“Sranan” or the “Company”) shares have been accepted for listing on the Frankfurt Stock Exchange (“FSE”), under WKN: A416C1, ticker symbol: P84.

Sranan’s common shares are now cross listed on the Canadian Securities Exchange along with the FSE, which is the largest of the seven stock exchanges in Germany. The Company believes that this cross listing on the FSE will enhance liquidity, broaden its shareholder base and facilitate advanced electronic trading and settlement. The Company's FSE stock quote can be found here: <https://www.boerse-frankfurt.de/equity/sranan-gold-corp>

Oscar Louzada, CEO of Sranan Gold, commented: “Sranan Gold is expanding its presence in global financial markets through our Frankfurt listing. This milestone increases our visibility with European investors and supports our broader strategy to grow our presence in the international gold industry. We look forward to engaging a wider investor base as we develop the highly prospective Tapanahony Gold Project in Suriname.”

### **About Sranan Gold**

Sranan Gold Corp. is engaged in the business of mineral exploration and the acquisition of mineral property assets in Suriname. The highly prospective Tapanahony Project is located in the heart of Suriname's modern-day gold rush. Tapanahony covers 29,000 hectares in one of the oldest and largest small-scale mining areas in Suriname. There is significant production from saprolite by local miners along a 4.5-kilometre trend, where several areas of mining have been opened.

Sranan Gold is also exploring its Aida Property consisting of five mineral claims covering an area of 2,335.42 hectares on the Shuswap Highland within the Kamloops Mining Division.

## Forward-looking statements

Certain statements in this release constitute “forward-looking statements” or “forward-looking information” within the meaning of applicable securities laws including, without limitation, the timing, nature, scope and details regarding the Company’s future exploration plans. Such statements and information involve known and unknown risks, uncertainties and other factors that may cause the actual results, performance or achievements of the Company, its projects, or industry results, to be materially different from any future results, performance or achievements expressed or implied by such forward-looking statements or information. Such statements can be identified by the use of words such as “may”, “would”, “could”, “will”, “intend”, “expect”, “believe”, “plan”, “anticipate”, “estimate”, “scheduled”, “forecast”, “predict” and other similar terminology, or state that certain actions, events or results “may”, “could”, “would”, “might” or “will” be taken, occur or be achieved. These statements reflect the company’s current expectations regarding future events, performance and results and speak only as of the date of this release.

Forward-looking statements and information contained herein are based on certain factors and assumptions regarding, among other things, the estimation of mineral resources and reserves, the realization of resource and reserve estimates, metal prices, taxation, the estimation, timing and amount of future exploration and development, capital and operating costs, the availability of financing, the receipt of regulatory approvals, environmental risks, title disputes and other matters. While the Company considers its assumptions to be reasonable as of the date hereof, forward-looking statements and information are not guarantees of future performance and readers should not place undue importance on such statements as actual events and results may differ materially from those described herein. The Company does not undertake to update any forward-looking statements or information except as may be required by applicable securities laws.
