

## NEWS RELEASE

### **LEXSTON LIFE SCIENCES CORP. MAKES AN INVESTMENT INTO PSY INTEGRATED HEALTH INC.**

**Vancouver, British Columbia, July 7, 2021.** Lexston Life Sciences Corp. (CSE: LEXT) (the “**Company**” or “**Lexston**”) is pleased to announce an acquisition of 750,000 Class C Non- Voting Common Shares of Psy Integrated Health Inc. (“**Psy Integrated**”) for the total consideration of \$75,000 representing 13% of the total issued and outstanding shares of Psy Integrated.

Founded in 2020 Psy Integrated is a British Columbia based benefit corporation with a mission to improve the mental health of Canadians through psychedelic assisted therapies delivered by a network of clinics delivering integrative health.

Psy Integrated’s flagship Empower Health clinic in Vancouver includes a multi-disciplinary team of highly experienced health practitioners offering telehealth and onsite services to their patients from its location in Vancouver, British Columbia, with additional clinics planned.

Psy Integrated also offers a broad range of managed services to member clinics including:

- **Clinic Practices** – develop therapeutic protocols for use of psychedelic medicines by integrative health clinics and practitioners
- **Compliance** – establish controlled substance protocols for clinics
- **Supply** – identify appropriate sources for legal psychedelic medicines for clinics

“This first investment in Psy Integrated marks the beginning of our accelerated plan to play an integral role in providing patients with caring and meaningful access to health and wellness through the use of psychedelics” stated Jag Bal, CEO of Lexston. Mr. Bal added: “We understand that the critical path to success lies both within our own work and research, as well as collaboration with companies such as Psy Integrated.”

#### **About Lexston Life Sciences Corp.**

Lexston Life Sciences Corp. is a Canadian biotechnology company providing cannabis testing and research services. Lexston is also in the process of securing licensing under the exemptions prescribed by section 56 of the Controlled Drugs and Substances Act (Canada) to enable the expansion of its services into the psychedelic industry with an initial focus on the detection and quantification of psychedelic molecules in the lab and point of care. Lexston intends to develop and validate methods for standardized manufacturing of plant derived psychedelics in support of burgeoning trials in the field of mental health and wellness.
