MONTHLY PROGRESS REPORT

Name of Listed Issuer: BioHarvest Sciences Inc. (the "Issuer").

Trading Symbol: BHSC

Number of Outstanding Listed Securities: 478,688,168

Date: January 17, 2024

This Monthly Progress Report must be posted before the opening of trading on the fifth trading day of each month. This report is not intended to replace the Issuer's obligation to separately report material information forthwith upon the information becoming known to management or to post the forms required by Exchange Policies. If material information became known and was reported during the preceding month to which this report relates, this report should refer to the material information, the news release date and the posting date on the Exchange website.

This report is intended to keep investors and the market informed of the Issuer's ongoing business and management activities that occurred during the preceding month. Do not discuss goals or future plans unless they have crystallized to the point that they are "material information" as defined in the Policies. The discussion in this report must be factual, balanced and non- promotional.

General Instructions

- (a) Prepare this Monthly Progress Report using the format set out below. The sequence of questions must not be altered, nor should questions be omitted or left unanswered. The answers to the items must be in narrative form. State when the answer to any item is negative or not applicable to the Issuer. The title to each item must precede the answer.
- (b) The term "Issuer" includes the Issuer and any of its subsidiaries.
- (c) Terms used and not defined in this form are defined or interpreted in Policy 1 – Interpretation and General Provisions.

Report on Business

1. Provide a general overview and discussion of the development of the Issuer's business and operations over the previous month. Where the Issuer was inactive disclose this fact.

The Issuer continues to intensify its Research & Development initiatives and amplify manufacturing endeavors, both underpinned by an aggressive product innovation agenda slated for 2024. Notably, the VINIA® Superfood Decaf coffee has made its debut in the U.S. market this month, marking a significant stride in the company's product diversification efforts.

The Issuer also wishes to report its continuous efforts in various key areas for the month of December:

- a) **Scaling Up VINIA™ Manufacturing:** The Issuer remains dedicated to expanding the production of VINIA™ red grape cells at its newly established 20+ Ton facility. This expansion is crucial to meet the escalating demand for VINIA™ as part of the marketing efforts for end of Q4, 2023 and 2024.
- b) **VINIA™ Nutraceuticals New Product Development:** The Issuer's R&D team is actively working on the VINIA™ Professional Protein Energy Bar Supplement, Electrolyte Powdered Beverage offerings and a higher dosage nutraceutical product for athletes. Additionally, significant progress is being made by the Issuer in getting its Olive cell product ready for a market launch scheduled for the latter half of 2024.
- c) **VINIA™ Direct to Doctors:** Dr. Brian Cornblatt, under whose guidance we operate, continues to collaborate with key distribution partners within the Integrative Medicine Market to facilitate the direct

engagement of VINIA™ with healthcare professionals.

d) **VINIA™ New Clinicals Pipeline:** Dr. Brian Cornblatt, Chief Medical Officer, is diligently advancing our red grape cell product and future olive cell product with 3rd party research organizations. In addition, the Issuer is making the required arrangements for a clinical trial it plans to do on its new hydration proposition to validate its functional performance. This trial will commence in Q1, 2024.

e) **Pharmaceuticals Pipeline:** The Issuer continues to identify and engage with several candidates for leadership positions for its Phyto-Pharmaceutical business unit which the Issuer is setting up to lead clinical trials addressing priority indications which will form the foundation of its botanical drug pipeline.

f) **Cost of Goods Sold (COGS) Reduction:** In the pursuit of enhanced profitability, the Issuer, under the leadership of the Chief Operating Officer, continues to direct resources towards reducing manufacturing costs along the entire value chain. Over recent months, the Issuer has been actively transitioning its major subscription package from a combination of 60 bottle and 30 bottle units to a single 90-bottle package. The Issuer is also making progress in increasing the size of its bioreactors by 20% to maximise yield levels and reduce COGS.

2. Provide a general overview and discussion of the activities of management.

In December, Management completed a comprehensive review of salaries within the manufacturing sector as a result the Issuer issued stock options to the entire organizational workforce, contingent upon performance milestones.

Since the events of October 7th in Israel, the management team has committed to maintaining the normal course of daily operations. Management has identified the potential risk of airport closures and is strategically focused on exporting maximum levels of VINIA™ material outside of Israel as a precautionary measure.

3. Describe and provide details of any new products or services developed or offered. For resource companies, provide details of new drilling, exploration or production programs and acquisitions of any new properties and attach any mineral or oil and gas or other reports required under Ontario securities law.

The Issuer's research and development team continues to be actively engaged in developing the VINIA™ Professional Protein Energy Bar Supplement, Functional Coffee Pods, and Electrolyte Powdered Beverage.
