

# Canamera Options Priority Rare Earth Elements Targets in Garrow Township, Northern Ontario

Edmonton, Alberta--(Newsfile Corp. - September 12, 2025) - Canamera Energy Metals Corp. (CSE: EMET) (the "**Company**") is pleased to announce that it has entered into an agreement (the "**Option Agreement**"), dated September 8, 2025, with certain arms-length parties (collectively, the "**Vendors**"), pursuant to which it has been granted the right to acquire a series of six unpatented mining claims (collectively, the "**Property**") located in the Garrow Township area of Northern Ontario. The Property is highly prospective for rare earth elements (REE), with targets identified through previous lake sediment surveys.

"We see the Garrow Township claims as a useful step in advancing our rare earth strategy," said Brad Brodeur, Chief Executive Officer of the Company. "The Property has the potential to help achieve the broader goal of building a secure domestic supply of critical minerals in North America."

Pursuant to the Option Agreement, the Company can acquire the Property by completing a series of cash payments and share issuances to the Vendors over a thirty-six month term, as follows:

	<b>Cash Payments</b>	<b>Share Issuances (common shares)</b>
On Closing	\$10,500	100,000
First Anniversary	\$13,000	50,000
Second Anniversary	\$20,000	Nil
Third Anniversary	\$35,000	Nil
<b>Total</b>	<b>\$78,500</b>	<b>150,000</b>

Assuming the Company exercises the option and acquires the Property, it will remain subject to a one-and-one-half percent (1.5%) net smelter returns royalty in favour of the Vendors on mineral products produced from the Property. One-half percent (0.5%) of the royalty can be purchased from the Vendors at any time by completing a one-time cash payment of \$500,000, following which a further four-tenths percent (0.4%) of the royalty can be purchased for an additional cash payment of \$500,000.

No finders' fee or commission is payable by the Company in connection with the entering into of the Option Agreement. The Company is at arms-length to the Vendors and, to the knowledge of the Company, the Vendors do not presently hold any securities of the Company. The Option Agreement is not expected to constitute a fundamental change for the Company and nor will it result in a change of control of the Company (within the meaning of applicable securities laws and the policies of the Canadian Securities Exchange). All common shares issued to the Vendors will be subject to restrictions on resale for a period of four-months-and-one-day in accordance with applicable securities laws.

## **About Canamera Energy Metals Inc.**

Canamera Energy Metals Inc. is a mineral exploration company focused on the acquisition and development of mineral resource projects, including the Mantle project in British Columbia as well as high-quality REE and critical metal assets in the Americas. The Company targets underexplored regions with district-scale potential, leveraging geochemical, geophysical, and geological data to identify first-mover opportunities.
