

# Medaro Mining Commences Exploration Program at Bastnäs Project

Vancouver, British Columbia--(Newsfile Corp. - March 23, 2026) - **Medaro Mining Corp. (CSE: MEDA) (OTCID: MEDAF) (FSE: 1ZY) ("Medaro" or the "Company")** is pleased to announce the commencement of its geological exploration program at the Company's Bastnäs project (the "Project") in Sweden.

Field crews have mobilized to site and exploration activities are now underway. The program is focused on advancing the Company's understanding of the Project's rare earth element ("REE"), copper, cobalt, gold and base-metal potential through systematic fieldwork and targeted data acquisition.

Current activities include geological mapping, prospecting and sampling, with work directed toward evaluating priority areas identified through historical information and regional geological interpretation. The exploration program is intended to generate geological observations and analytical data to refine and prioritize targets and support planning for potential follow-up work.
