Report on Business

1. Provide a general overview and discussion of the development of the Issuer’s business and operations over the previous month. Where the Issuer was inactive disclose this fact.

HealthSpace develops and provides enterprise cloud and mobile solutions to governmental regulatory agencies, with a heavy focus on Environmental Health and Agriculture departments. The aim of the product suite is to streamline inefficiencies in the regulatory process and aid in all things from surveillance to business management, as well as compliance tracking and quality control applications as it relates to the regulatory process. Clients include over 500 government agencies with a segment of the product targeted at private sector businesses aimed to help them manage their regulatory data and better keep up with their required compliance.

HealthSpace’s ongoing engagement with government customers in both the US and Canada continues to drive aggressive growth and viable learning opportunities to continue to innovate its technology offerings. In 2019, the Company began expanding efforts to distribute the product line to a broader set of regulatory agencies which yield higher revenue streams. Such agencies include Code Enforcement and Building departments.

In addition to its core SaaS market, the Company is now developing a proprietary payments solution to create a governmental FinTech platform for online and mobile payments. This new platform will revolutionize the way State and Local governments agencies collect revenue from private businesses they regulate. This new platform will target the tens of billions of dollars these agencies charge to private businesses to allow them to operate. These charges include annual licensing fees, such as a restaurant permit, as well as application fees, fines and more. The Company will be able to share in the revenue through a profit share from payment processors and convenience fees charged to the local business. This new line of revenue is not only accretive to its current market, but also has the ability to far exceed the amount of revenue generated from software sales.

The Company is working with its clients to utilize the Company's HSCloud Suite platform for COVID-19 contact tracing.

- **On March 18, 2021, the Company announced the launch of a new corporate website (<https://www.gethealthspace.com>) showcasing the Company's suite of cloud-based and mobile solutions that are helping revolutionize the way governments interact with the citizens and businesses they regulate.**
