GREEN RIVER GOLD CORP. ANNOUNCES INCREASE TO PRIVATE PLACEMENT OF UNITS

EDMONTON, ALBERTA – Further to its news releases on January 23, 2020 and May 1, 2020, Green River Gold Corp. (the “**Company**”) is pleased to announce that, due to increased demand, it will be increasing the size of its previously announced unit offering (the “**Unit Offering**”). The Unit Offering will now consist of up to \$1,200,000 of Units of the Company (“**Units**”) at a price of \$0.06 per Unit with each Unit consisting of one common share of the Company (“**Common Share**”) and one-half Common Share purchase warrant (“**Warrant**”) with each whole Warrant entitling the holder to acquire one Common Share at a price of \$0.10 for a period of two years following the issuance date.

To date under the Unit Offering, the Company has issued an aggregate of 6,628,000 Units for aggregate gross proceeds of CAD\$397,680.00.

Further, as previously announced, the Company had engaged an independent Canadian investing banking firm to assist with obtaining financing under the Unit Offering. That engagement has terminated and no commission was payable to the broker. Instead, the Company may pay fees to certain finders of up to 8% of the aggregate gross proceeds of subscriptions under the Unit Offering facilitated by such finders.

Lastly, further to the Company’s previously announced unsecured convertible debenture offering (“**Debenture Offering**”), with the increase to the Unit Offering due to increased demand, the Company will no longer pursue the Debenture Offering. No convertible debentures were issued under the Debenture Offering.

The proceeds from the Unit Offering will be used for exploration and development of the Company’s Fontaine mineral and placer gold claims, as well as equipment and inventory purchases and working capital.

The Company plans on closing the final tranche of the Unit Offering by August 31, 2020.
