

# NetCents Technology Engages Investment Bank

Vancouver, British Columbia--(Newsfile Corp. - June 29, 2020) - **NetCents Technology Inc.** (CSE: NC) (FSE: 26N) (OTCQB: NTTCF) ("**NetCents**" or the "**Company**"), a cryptocurrency payments technologies company, is pleased to announce that it has engaged Boustead Securities, LLC ("Boustead").

The Company has engaged Boustead to help screen and negotiate potential strategic acquisitions for NetCents as well as identify institutional investment for the Company.

"Boustead Securities has an impressive track record for raising institutional capital for middle market companies," stated Clayton Moore, Founder and CEO of NetCents Technology. "What really attracted me to their platform was their dedication to and deep knowledge of the cryptocurrency landscape, an added benefit is obviously their significant relationships in the Asian markets which may help us increase our investor base and give us increasing exposure to the vibrant Asian Crypto Market."

Boustead's team will be tasked with identifying potential revenue streams and technologies that may be combined with the NetCents platform. "NetCents is in the process of developing solutions that allow merchants to seamlessly accept all digital assets, in their native format. We believe this will increase global consumption of digital assets and would be valuable to all the stakeholders, manufacturers, merchants, and customers. Boustead Securities seeks to assist NetCents with global strategic acquisitions to further strengthen their service offering portfolio, in addition to capital raising to finance their growth initiatives," stated Eli Jawad Ansari, Head of Blockchain and Digital Assets Investment Banking at Boustead.

Boustead will also use its network to introduce potential institutional investors and business partners. "We are lucky to have a passionate following of individual investors, but as we mature as a company - it is time to broaden the scope of our investor base to institutions that may see the Company's offering as one way to add a cryptocurrency exposure to their portfolio," concluded Mr. Moore.

The Company looks forward to updating investors on the outcomes of the future collaboration with Boustead's excellent team.

This is not an offer to buy or solicit securities. Past performance is not indicative of future results. Investments may be speculative, illiquid and there is a risk of total loss. There is no guarantee that any specific outcome will be achieved.

## **About NetCents**

NetCents Technology Inc, a transactional hub for all cryptocurrency payments, aims to equip forward-thinking businesses with the technology to seamlessly integrate cryptocurrency processing into their payment model without taking on the risk or volatility of the crypto market. NetCents Technology is registered as a Money Services Business (MSB) with FINTRAC.

### **Cautionary Note Regarding Forward-Looking Information**

This release includes certain statements that may be deemed "forward-looking statements". All statements in this release, other than statements of historical facts, that address events or developments that the Company expects to occur, are forward-looking statements. Forward-looking statements are statements that are not historical facts and are generally, but not always, identified by the words "expects", "plans", "anticipates", "believes", "intends", "estimates", "projects", "potential" and similar expressions, or that events or conditions "will", "would", "may", "could" or "should" occur. Although the Company believes the expectations expressed in such forward-looking statements are based on reasonable assumptions, such statements are not guarantees of future performance, and actual results may differ materially from those in the forward-looking statements. Factors that could cause the actual results to differ materially from those in forward-looking statements include regulatory actions, market prices, and continued availability of capital and financing, and general economic, market or business conditions. Investors are cautioned that any such statements are not guarantees of future performance and actual results or developments may differ materially from those projected in the forward-looking statements. Forward-looking statements are based on the beliefs, estimates, and opinions of the Company's management on the date the statements are made. Except as required by applicable securities laws, the Company undertakes no obligation to update these forward-looking statements in the event that management's beliefs, estimates or opinions, or other factors, should change.
