- Organic and Vegan product focus.

The Company and Shark Discoveries will work with Sweet Earth to produce a series of commercials, provide marketing exposure direct to consumers and connect Sweet Earth to their extensive network of consumer outlets.

## About Sweet Earth

Sweet Earth is a vertically integrated "farm to shelf" hemp grower with a farm in Applegate, Oregon, that maintains a full line of hemp and CBD products for the US and global market. Its products combine CBD with herbal and organic ingredients, all of which are selected for their beneficial properties to soothe, rejuvenate, and reduce inflammation. In addition to high-end finished products, Sweet Earth prides itself on sustainability by minimizing the use of plastics in both production and packaging.

Sweet Earth's in-house genetics team has been working on its own proprietary hemp strain. This strain has been grown in its indoor greenhouse resulting in high yielding CBD rich flower.
