

DCS Announces Client Purchasing Commitment

San Diego, California--(Newsfile Corp. - April 6, 2021) - **DCS (OTCQX: DCSX) (CSE: DCSI)**, a leading solutions provider in the Internet of Things (IoT) ecosystem, announced a purchasing commitment from one of its long time clients. The purchase order represents \$ 6.88million in products and services.

DCS has developed key relationships over the past decade, by providing and becoming a Technical Services Provider (TSP) that clearly enables the IoT industry with hardware, software services, managed services and technical expertise throughout the IoT process. Over the past decade, DCS has developed technical and managed services to every client in the DCS portfolio ensuring success from the start of the process to the end, enabling clients and customers to traverse the connected networks.

"Our clients are faced with a perfect storm of securing product during a time where the global supply chain is stressed, yet at the same time being confronted with the North American cellular networks migrating away from legacy 2G networks towards 4G LTE technologies," said Tyner Kennedy, VP of Sales at DCS. "They recognize the importance of purchasing commitments to ensure their customers and revenues are secured in advance of actual demand."

About DCS

Forward-Looking Statements

This release contains forward-looking statements, which reflect management's current views of future events and operations. These statements are based on current expectations and assumptions that are subject to risks and uncertainties that could cause actual results to differ materially. We believe that these potential risks and uncertainties include, without limitation: the Company's dependence on third-party manufacturers, suppliers, technologies and infrastructure; risks related to intellectual property; industry risks including competition, online security, government regulation and global economic conditions; and the Company's financial position and need for additional funding. Statements in this release should be evaluated in light of these factors. These risk factors and other important factors that could affect our business and financial results are discussed in our Management's Discussion and Analysis, periodic reports and other public filings with the Canadian securities regulatory authorities which are available on SEDAR at www.sedar.com. DCS undertakes

no duty to update or revise any forward-looking statements.
