This additional Facility further increases Chemesis’ manufacturing and distribution services for the Northern California market and will concentrate its efforts on THC manufacturing and distribution. The Company will distribute finished goods to dispensaries including Chemesis’ Green Room dispensary, which is located in Point Arena. The Facility provides local manufacturing in an effort to increase efficiencies and capacity while reducing lead times. The Facility is currently under construction and is expected to complete build out with final occupancy permits granted by Q4 2019.
